§ 9799.59. Exemption from certain notifications

Currentness

(a) General rule.—An individual required to register under section 9799.55(a.1) and (b) (relating to registration) may be exempt from the requirement to register, the requirement to verify residence, employment and enrollment in an educational institution, the requirement to appear on the publicly accessible Internet website maintained by the Pennsylvania State Police and all other requirements of this subchapter if:

(1) At least 25 years have elapsed prior to filing a petition with the sentencing court to be exempt from the requirements of this subchapter, during which time the petitioner has not been convicted in this Commonwealth or any other jurisdiction or foreign country of an offense punishable by imprisonment of more than one year, or the petitioner's release from custody following the petitioner's most recent conviction for an offense, whichever is later.

(2) Upon receipt of a petition filed under paragraph (1), the sentencing court shall enter an order directing that the petitioner be assessed by the board. Upon receipt from the court of an order for an assessment under this section, a member of the board designated by the administrative officer of the board shall conduct an assessment of the petitioner to determine if the relief sought, if granted, is likely to pose a threat to the safety of any other persons. The board shall establish standards for evaluations and for evaluators conducting assessments.

(3) The order for an assessment under this section shall be sent to the administrative officer of the board within 10 days of the entry. No later than 90 days following receipt of the order, the board shall submit a written report containing the board's assessment to the sentencing court, the district attorney and the attorney for the sexual offender.

(4) Within 120 days of filing the petition under paragraph (1), the sentencing court shall hold a hearing to determine whether to exempt the petitioner from the application of any or all of the requirements of this subchapter. The petitioner and the district attorney shall be given notice of the hearing and an opportunity to be heard, the right to call witnesses and the right to cross-examine witnesses. The petitioner shall have the right to counsel and to have a lawyer appointed to represent the petitioner if the petitioner cannot afford one.

(5) The sentencing court shall exempt the petitioner from application of any or all of the requirements of this subchapter, at the discretion of the court, only upon a finding of clear and convincing evidence that exempting the petitioner from a particular requirement or all of the requirements of this subchapter is not likely to pose a threat to the safety of any other person.

(6) A court granting relief under this section shall notify the Pennsylvania State Police in writing within 10 days from the date relief is granted.

(7) The petitioner and the Commonwealth shall have the right to appellate review of the actions of the sentencing court under this section. An appeal by the Commonwealth shall stay the order of the sentencing court. A court granting relief under this section shall notify the Pennsylvania State Police in writing within 10 days from the date the relief is granted. If a memorandum of understanding has been entered into under section 9799.61 (relating to victim notification) with respect to relief granted to the petitioner, the Pennsylvania State Police shall transmit the information about the relief to the Office of Victim Advocate as soon as is practicable. The Office of Victim Advocate shall notify the victim of the relief, in accordance with the memorandum of understanding, as specified in section 9799.61.

(8) The petitioner may file an additional petition with the sentencing court no sooner than five years from the date of the final determination of a court regarding the petition and every five years thereafter.

(9) If a petitioner is exempt from any provisions of this subchapter and the petitioner is subsequently convicted under 18 Pa.C.S. § 4915.2 (relating to failure to comply with 42 Pa.C.S. Ch. 97 Subch. I registration requirements), relief granted under this section shall be void, and the petitioner shall automatically and immediately again be subject to the provisions of this subchapter, as previously determined by this subchapter.

(b) Agency cooperation.--All State, county and local agencies, offices and entities in this Commonwealth, including juvenile probation officers, shall cooperate by providing access to records and information as requested by the board in connection with the court-ordered assessment under subsection (a).

42 Pa.C.S.A. § 9799.63

§ 9799.63. Information made available on Internet and electronic notification

Currentness

(a) Legislative findings.--It is hereby declared to be the finding of the General Assembly that public safety will be enhanced by making information about sexually violent predators, lifetime registrants and other sex offenders available to the public through the Internet and electronic notification. Knowledge of whether a person is a sexually violent predator, lifetime registrant or other sex offender could be a significant factor in protecting oneself and one's family members, or those in care of a group or community organization, from recidivist acts by sexually violent predators, lifetime registrants and other sex offenders. The technology afforded by the Internet and electronic notification would make this information readily accessible to parents and private entities, enabling them to undertake appropriate remedial precautions to prevent or avoid placing potential victims at risk. Public access to information about sexually violent predators, lifetime registrants and other sex offenders is intended solely as a means of public protection and shall not be construed as punitive.

(b) Internet posting of sexually violent predators, lifetime registrants, other offenders and electronic notification.--The Commissioner of the Pennsylvania State Police shall, in the manner and form directed by the Governor:

(1) Develop and maintain a system for making the information described in subsection (c) publicly available by electronic means so that the public may, without limitation, obtain access to the information via an Internet website to view an individual record or the records of all sexually violent predators, lifetime registrants and other offenders who are registered with the Pennsylvania State Police. The publicly accessible Internet website created under this subchapter and the information required to be posted under this subchapter shall be included on the publicly accessible Internet website created and maintained by the Pennsylvania State Police under Subchapter H (relating to registration of sexual offenders).¹

(2) Ensure that the Internet website contains warnings that a person who uses the information contained on the Internet website to threaten, intimidate or harass another or who otherwise misuses that information may be criminally prosecuted.

(3) Ensure that the Internet website contains:

(i) An explanation of its limitations, including statements advising that a positive identification of a sexually violent predator, lifetime registrant or other offender whose record has been made available may be confirmed only by fingerprints.

(ii) A statement that some information contained on the Internet website may be outdated or inaccurate.

(iii) A statement that the Internet website is not a comprehensive listing of every person who has ever committed a sex offense in Pennsylvania.

(4) Strive to ensure that:

(i) the information contained on the Internet website is accurate;

(ii) the data on the Internet website is revised and updated as appropriate in a timely and efficient manner; and

(iii) instructions are included on how to seek correction of information which a person contends is erroneous.

(5) Provide on the Internet website general information designed to inform and educate the public about sex offenders and sexually violent predators and the operation of this subchapter as well as pertinent and appropriate information concerning crime prevention and personal safety, with appropriate links to other relevant Internet websites operated by the Commonwealth.

(6) Identify when the victim is a minor with a special designation. The identity of a victim of a sex offense shall not be published or posted on the Internet website.

(7) Notwithstanding 18 Pa.C.S. Ch. 91 (relating to criminal history record information), develop, implement and maintain a process which allows members of the public to receive electronic notification when an individual required to register under this subchapter moves into or out of a user-designated location.

(c) Information permitted to be disclosed regarding individuals.--Notwithstanding 18 Pa.C.S. Ch. 91, the Internet website shall contain the following information on each individual:

(1) For sexually violent predators, the following information shall be posted on the Internet website:

(i) name and all known aliases;

(ii) year of birth;

(iii) in the case of an individual who has a residence as defined in paragraph (1) of the definition of “residence” in section 9799.53 (relating to definitions), the street address, municipality, county and zip code of all residences, including, where applicable, the name of the prison or other place of confinement;

(iv) the street address, municipality, county, zip code and name of an institution or location at which the person is enrolled as a student;

- (v) the municipality, county and zip code of an employment location;
- (vi) a photograph of the individual, which shall be updated not less than annually;
- (vii) a physical description of the offender, including sex, height, weight, eye color, hair color and race;
- (viii) identifying marks, including scars, birthmarks and tattoos;
- (ix) the license plate number and description of a vehicle owned or registered to the offender;
- (x) whether the offender is currently compliant with registration requirements;
- (xi) whether the victim is a minor;
- (xii) a description of the offense or offenses which triggered the application of this subchapter;
- (xiii) the date of the offense and conviction, if available; and
- (xiv) in the case of an individual who has a residence as defined in paragraph (2) of the definition of “residence” in section 9799.53, the information listed in section 9799.56(a)(2)(i)(C) (relating to registration procedures and applicability), including, where applicable, the name of the prison or other place of confinement.

(2) For all other lifetime registrants and offenders subject to registration, the information specified in paragraph (1) shall be posted on the Internet website.

(d) Duration of Internet posting.--

(1) The information listed in subsection (c) about a sexually violent predator shall be made available on the Internet for the lifetime of the sexually violent predator.

(2) The information listed in subsection (c) about an offender who is subject to lifetime registration shall be made available on the Internet for the lifetime of the offender unless the offender is granted relief under section 9799.59 (relating to exemption from certain notifications).

(3) The information listed in subsection (c) about any other offender subject to registration shall be made available on the Internet for the entire period during which the offender is required to register, including an extension of this period under section 9799.56(a)(3).

Title 11. Criminal Offenses

Chapter 37.1. Sexual Offender Registration and Community Notification

Gen.Laws 1956, § 11-37.1-6

§ 11-37.1-6. Community notification

Currentness

(1)(a) Sex Offender Board of Review. The governor shall appoint eight (8) persons including experts in the field of the behavior and treatment of sexual offenders by reason of training and experience, victim's rights advocates, and law enforcement representatives to the sex offender board of review. At least one member of the sex offender board of review shall be a qualified child/adolescent sex offender treatment specialist. These persons shall serve at the pleasure of the governor or until their successor has been duly qualified and appointed.

(b) Duties of the board. Upon passage of this legislation, the sex offender board of review will utilize a validated risk assessment instrument where available and other material approved by the parole board to determine the level of risk an offender poses to the community and to assist the sentencing court in determining if that person is a sexually violent predator. If the offender is a juvenile, the Department of Children, Youth and Families shall select and administer a risk instrument appropriate for juveniles and shall submit the results to the sex offender board of review. In cases where an accepted validated risk assessment instrument does not exist, the sex offender board of review shall use a structured professional judgment (SPJ) approach, in which the board shall evaluate the presence or absence of commonly employed risk variables (both static and dynamic), together with all other information available to the board, to make a determination concerning the level of risk.

(c) Duties of other state agencies. Six (6) months prior to release of any person having a duty to register under § 11-37.1-3, or upon sentencing of a person having a duty to register under § 11-37.1-3, if the offender is not incarcerated, the agency having supervisory responsibility and the Interstate Compact Unit of the Rhode Island department of corrections upon acceptance of supervision of a sexual offender from the sending jurisdiction shall refer the person to the sex offender board of review, together with any reports and documentation that may be helpful to the board, for a determination as to the level of risk an offender poses to the community and to assist the sentencing court in determining if that person is a sexually violent predator.

(2)(i) The board shall within thirty (30) days of a referral of a person shall conduct the validated risk assessment, review other material provided by the agency having supervisory responsibility and assign a risk of re-offense level to the offender. In addition, the board may find that, based on the assessment score and other material, that the person may possess a mental abnormality or personality disorder that makes the person likely to engage in sexually violent predatory offenses. In these cases, the committee shall ask the parole board psychiatrist or if the offender is a juvenile, a DCYF psychiatrist to conduct a sex offender evaluation to determine if the offender possesses a mental abnormality or personality disorder that affects the emotional or volitional capacity of the person in a manner that predisposes that person to the commission of criminal sexual acts to a degree that makes the person a menace to the health and safety of other persons.

(ii) Upon receipt of a sex offender evaluation that suggests there is sufficient evidence and documentation to suggest that a person may be a sexually violent predator, the sex offender board of review shall forward a report to the attorney general for consideration by the court.

(iii) Upon receipt of a report from the attorney general, the court, after notice to the offender and his or her counsel, shall upon consideration of the report and other materials, make a determination as to whether or not a person is a sexually violent predator.

(iv) Effect of determination. In the event that a determination is made by the court that a person is a sexually violent predator, that person shall be required to register and verify his or her address in accordance with §§ 11-37.1-3, 11-37.1-4 and 11-37.1-8(b).

(3) No cause of action or liability shall arise or exist against the committee or any member or agent of the board as a result of the failure of the board to make any findings required by this section within the time period specified by subsection (2) of this section.

The designated state law enforcement agency shall immediately enter the information into the appropriate state law enforcement record system.

(b) Whenever a person required to be registered under this chapter initially registers or updates his or her information, the designated state law enforcement agency shall immediately notify:

- (1) Upon a person's initial registration or update of information, the state's public sex offender registry website is immediately updated; and
- (2) The state's public sex offender registry has a function that enables the general public to request an email notice that will notify them when a person commences residence, employment, or a public or private educational institution attendance with the state, within a specified zip code, or within a certain geographic radius. This email notice shall include the person's identity so that the public can access the public registry for the new information.
- (d) The notification requirements of subsections (b)(7) and (c) do not apply to persons who were adjudicated delinquent of an offense requiring registration or a person tiered as a level 1 sex offender.
- (e) Notwithstanding the aforementioned notification requirements, the designated state law enforcement agency and local law enforcement agencies where the person resides, is employed, or attends a public or private educational institution, may utilize other forms of community notification consistent with the provisions and intent of this chapter.
- (f) In the event a person required to register under this chapter fails to register or fails to verify or update his or her registration information, the local law enforcement agency shall immediately inform the local law enforcement agency of the city or town where the person resides, is employed, or attends a public or private educational institution; the jurisdiction that provided notification that the person was to commence residency, employment, or public or private educational institution attendance; and the designated state law enforcement agency that the person failed to appear for registration or failed to verify or update their registration information.
- (1) Upon notification by the designated state law enforcement agency, the local law enforcement agency where the person resides, is employed, or attends a public or private educational institution, shall:
- (i) Make an effort to determine if the person is actually residing, employed or attending a public or private educational institution within their city or town; and
 - (ii) Seek a warrant for the person's arrest for failing to register or verify or update his or her registration in compliance with this chapter. The U.S. Marshals Service or Federal Bureau of Investigation may be contacted in an attempt to obtain a federal warrant for the person's arrest.
 - (iii) The designated state law enforcement agency shall update the registry to reflect that the person is not in compliance with his or her duty to register.
- (g) If the designated state law enforcement agency receives information that a person has absconded or local law enforcement cannot determine whether the person is actually residing, employed, or attending a public or private educational institution in the city or town using the measures outlined in subsection (f) of this section, the designated state law enforcement agency, with the assistance of local law enforcement, shall make an effort to determine if the person has actually absconded.

(1) If the information indicating the possible absconding came through notice from another jurisdiction or federal authorities, they shall be informed that the person has failed to appear and register.

(2) If an absconded person cannot be located then the designated state law enforcement agency shall take the following steps:

(i) Update the registry to reflect the person has absconded or is otherwise not capable of being located;

(ii) Notify the local law enforcement agency where the person resides, is employed, or attends a public or private educational institution, so the local law enforcement agency can seek a warrant for the person's arrest.

(iii) Notify the U.S. Marshals Service or Federal Bureau of Investigation so they may attempt, if necessary, to obtain a federal warrant for the person's arrest;

Currentness

The intent of this article is to promote the state's fundamental right to provide for the public health, welfare, and safety of its citizens. Notwithstanding this legitimate state purpose, these provisions are not intended to violate the guaranteed constitutional rights of those who have violated our nation's laws.

The sex offender registry will provide law enforcement with the tools needed in investigating criminal offenses. Statistics show that sex offenders often pose a high risk of re-offending. Additionally, law enforcement's efforts to protect communities, conduct investigations, and apprehend offenders who commit sex offenses are impaired by the lack of information about these convicted offenders who live within the law enforcement agency's jurisdiction.

Code 1976 § 23-3-462

§ 23-3-462. Termination of registration requirements.

Currentness

(A) After successful completion of the requirements of this section, an offender may apply to the South Carolina Law Enforcement Division for the termination of the requirements of registration pursuant to this article. If it is determined that the offender has met the requirements of this section, SLED shall remove the offender's name and identifying information from the sex offender registry and shall notify the offender within one hundred twenty days that the offender has been relieved of the registration requirements of this article.

(1) A Tier I offender may file a request for termination of the requirement of registration with SLED in a form and process established by the agency, if the person:

(a) has been registered for at least fifteen years; or

(b) has been discharged from incarceration without supervision for at least fifteen years for the charge requiring registration; or

(c) has had at least fifteen years pass since the termination of active supervision of probation, parole, or any other alternative to incarceration for the charge requiring registration; or

(d) is a Tier I offender who was required to register as an offender because of a conviction in another state or because of a federal conviction and who is eligible to be removed under the laws of the jurisdiction where the conviction occurred.

(2) A Tier II offender may file a request for termination of the requirement of registration with SLED in a form and process established by the agency, if the person:

(a) has been registered for at least twenty-five years;

(b) has been discharged from incarceration without supervision for at least twenty-five years for the charge requiring registration;

(c) has had at least twenty-five years pass since the termination of active supervision of probation, parole, or any other alternative to incarceration for the charge requiring registration; or

(d) is a Tier II offender who was required to register as an offender because of a conviction in another state or because of a federal conviction and who is eligible to be removed under the laws of the jurisdiction where the conviction occurred.

(3) An offender who was convicted as an adult, and who is required to register as a Tier III offender may not file a request for termination of registration with SLED nor shall any such request be granted pursuant to this subsection.

(4) The requesting offender must have successfully completed all sex offender treatment programs that have been required.

(5) The requesting offender must not have been convicted of failure to register within the previous ten years.

(6) The offender must not have been convicted of any additional sexual offense or violent sexual offense after being placed on the registry.

(7) A filing fee, as set by SLED but not to exceed two hundred fifty dollars, shall be paid to file the request for termination of registration requirements. The initial application may be filed with SLED and the administrative review may begin one hundred twenty days prior to the date specified in subsection (A)(1); however, any removal may not occur prior to the date specified.

(B) Upon receipt of the request for termination, SLED shall review documentation provided by the offender and contained in the offender's file and the sex offender registry to determine whether the offender has complied with the requirements of this section. In addition, SLED shall conduct fingerprint-based state and federal criminal history checks to determine whether the offender has been convicted of any additional sexual offenses, as defined in Section 23-3-430.

(C) If all the requirements of this section are verified, SLED shall, within one hundred twenty days of receipt of the request for termination, remove an offender's name from the registry and notify the offender that the offender is no longer required to comply with the registry requirements of this article.

(D) If it is determined that the offender has been convicted of any additional sexual offenses or violent sexual offenses during the applicable period, has not substantially complied with this section, or an objection has been filed by the original prosecuting agency, SLED shall not remove the offender's name from the sex offender registry and shall notify the offender that the offender has not been relieved of the provisions in this article.

(1) If an offender is denied a termination request, the offender may petition again for termination with SLED no sooner than five years after the previous denial.

(2) If an offender is denied a termination request based on conviction of any additional sexual offenses or violent sexual offenses, the offender may not submit a petition to SLED for termination unless the subsequent conviction is overturned or pardon granted.

(E) An offender whose request for termination of registration requirements is denied by SLED is entitled to appeal the denial to the general sessions court pursuant to the requirements of Section 23-3-463 for the county in which the conviction occurred if the conviction occurred within the State, or if not, the county in which the offender resides. Individuals placed on the registry as a juvenile should petition the family court that adjudicated them delinquent. The SLED official who denied the request for termination of registration requirements may submit an affidavit to the court detailing the reasons the request was denied.

(F) If a person is convicted of multiple offenses requiring registration, and the offenses fall within different tiers, the person only may petition for removal of the registration requirement once the required time passes for the highest tier offense they have been convicted of that requires registration. If a petition based upon this section is denied, the person may not petition again until five years after the date of the final order.

Code 1976 § 23-3-463

§ 23-3-463. Motion to request order to be removed from requirements of the sex offender registry.

Currentness

(A) An offender may file a motion with the general sessions court to request an order to be removed from the requirements of the sex offender registry act if:

(1) He is a Tier I or Tier II offender or if the offender was required to register based on an adjudication of delinquency whose application for removal under Section 23-3-462 has been denied by SLED.

(2) He is a Tier III offender after thirty years from the date of discharge from incarceration without supervision, or the termination of active supervision of probation, parole, or any other active alternative to incarceration.

(3) If the offender is required to register due to an out-of-state or federal conviction, the equivalent tier under the federal Adam Walsh Child Protection and Safety Act of 2006 (Pub. L. 109-248), the Sex Offender Registration and Notification Act (SORNA) shall apply.

(B) All motions pursuant to this section must be made no earlier than the appropriate timeframes related to the underlying offense as specified in Section 23-3-462(A)(1) or subsection (A)(2). An offender is not eligible for a hearing pursuant to this section if he submitted an application prior to the timeframe specified in Section 23-3-462(A)(1) that was either not accepted or erroneously accepted by SLED.

(C) The motion must be filed in the county in which the underlying conviction occurred if the conviction occurred within the State, or if the conviction occurred outside of the State, the county in which the offender resides.

(D) A person requesting a hearing under this section is entitled to the assistance of counsel, and if the person is indigent, the court must appoint counsel to assist the person.

(E) The court may direct that a qualified evaluator designated by the Office of Mental Health conduct an evaluation whether the offender poses a foreseeable risk to reoffend. For any such evaluation, the court must order the offender to comply with all testing and assessments deemed necessary by the evaluator. After the evaluation by the qualified evaluator designated by the Office of Mental Health, if the offender or the prosecutor seeks an independent evaluation by an independent qualified evaluator, then that evaluation must be completed within ninety days after receipt of the request by the Office of Mental Health evaluator. The court may grant an extension upon the request of the independent qualified evaluator and a showing of extraordinary

circumstances. Any qualified evaluator who will be submitted as an expert at a hearing on the motion must submit a written report available to both parties.

(F) The court must make a determination upon a finding by clear and convincing evidence that the offender is no longer a foreseeable risk to reoffend and that it is in the best interest of justice to grant the motion for removal from the requirement of registration.

(G) The State of South Carolina must be named as the respondent to the action and shall be represented by the prosecution office that obtained the underlying conviction for which the offender is required to register, or, if the conviction occurred outside of the State, the Attorney General. All requirements of the Victim's Rights Act, including reasonable notice, must be observed. The following agencies have standing to request to be made a party to the motion:

- (1) any original prosecuting solicitor's office for an underlying qualifying conviction if not already representing the State;
- (2) the local solicitor's office where the offender resides at the time of the hearing if not already representing the State; or
- (3) the Attorney General's Office if not already representing the State.

(H) If a person is convicted of multiple offenses requiring registration, and the offenses fall within different tiers, the person only may petition for removal of the registration requirement once the required time passes for the highest tier offense they have been convicted of that requires registration.

(I) If the motion is denied, the person may not file for removal from the registry pursuant to this section again until five years after the date of the final order.

Code 1976 § 23-3-480

§ 23-3-480. Notice of duty to register; registration following charge of failure to register not a defense.

Currentness

(A) An arrest on charges of failure to register, service of an information or complaint for failure to register, or arraignment on charges of failure to register constitutes actual notice of the duty to register. A person charged with the crime of failure to register who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice through arrest, service, or arraignment. Failure to register after notice as required by this article constitutes grounds for filing another charge of failure to register. Registering following arrest, service, or arraignment on charges does not relieve the offender from the criminal penalty for failure to register before the filing of the original charge.

(B) Section 23-3-470 shall not apply to a person convicted of an offense provided in Section 23-3-430 prior to July 1, 1994, and who was released from custody prior to July 1, 1994, unless the person has been served notice of the duty to register by the sheriff of the county in which the person resides. Code 1976 § 23-3-490

§ 23-3-490. Public inspection of offender registry.

Currentness

(A) Information collected for the offender registry is open to public inspection, and must be made available on the Internet or by other electronic means.

(B) A sheriff or SLED must release information regarding persons required to register under this article to a member of the public if the request is made in writing, or via electronic means on a form prescribed or utilized by SLED. The sheriff must provide the person making the request with the full names of the registered sex offenders, any aliases, any other identifying physical characteristics, each offender's date of birth, the home address on file, the offense for which the offender was required to register pursuant to Section 23-3-430, and the date, city, and state of conviction. A photocopy of a current photograph must also be provided. The sheriff may provide to a newspaper with general circulation within the county a listing of the registry for publication.

A sheriff or SLED who provides the offender registry for publication or a newspaper which publishes the registry, or any portion of it, is not liable and must not be named as a party in an action to recover damages or seek relief for errors or omissions in the publication of the offender registry; however, if the error or omission was done intentionally, with malice, or in bad faith the sheriff or newspaper is not immune from liability.

(C) A person may request on a form prescribed by SLED a list of registered sex offenders residing in a city, county, or zip code zone or a list of all registered sex offenders within the State from SLED. A person may request information regarding a specific person who is required to register under this article from SLED. SLED shall provide the person making the request with the full names of the requested registered sex offenders, any aliases, any other identifying physical characteristics, each offender's date of birth, the home address on file, the offense for which the offender was required to register pursuant to Section 23-3-430, and the date, city, and state of conviction. The State Law Enforcement Division may charge a reasonable fee to cover the cost of copying and distributing sex offender registry lists as provided for in this section. These funds must be used for the sole purpose of offsetting the cost of providing sex offender registry lists.

(D) Nothing in subsection (A) prohibits a sheriff from disseminating information contained in subsection (A) regarding persons who are required to register under this article if the sheriff or another law enforcement officer has reason to believe the release of this information will deter criminal activity or enhance public safety. The sheriff shall notify the principals of public and private schools, and the administrator of child day care centers and family day care centers of any offender whose address is within one-half mile of the school or business.

(E) For purposes of this article, information on a person adjudicated delinquent in family court for an offense listed in Section 23-3-436, and who is required to register under this article, must be made available to the public in accordance with the following provisions:

(1) If a person has been adjudicated delinquent for committing a Tier III offense, information must be made available to the public pursuant to subsections (A), (B), and (C).

(2) Information shall only be made available, upon request, to victims of or witnesses to the offense, public or private schools, child day care centers, family day care centers, businesses or organizations that primarily serve children, women, or vulnerable adults, as defined in Section 43-35-10(11), for persons adjudicated delinquent for committing any other offenses requiring registration.

(3) Nothing in this section shall prohibit the dissemination of all registry information to law enforcement.

(F) For purposes of this section, use of computerized or electronic transmission of data or other electronic or similar means is permitted.

(A) Upon conviction, adjudication of delinquency, guilty plea, or plea of nolo contendere of a person for committing criminal sexual conduct with a minor in the first degree, pursuant to Section 16-3-655(A)(1), or criminal sexual conduct with a minor in the third degree, pursuant to Section 16-3-655(C), the court must order that the person, upon release from incarceration, confinement, commitment, institutionalization, or when placed under the supervision of the Department of Probation, Parole and Pardon Services shall be monitored by the Department of Probation, Parole and Pardon Services with an active electronic monitoring device.

(B) Upon conviction, adjudication of delinquency, guilty plea, or plea of nolo contendere of a person for any other offense listed in subsection (G), the court may order that the person upon release from incarceration, confinement, commitment, institutionalization, or when placed under the supervision of the Department of Probation, Parole and Pardon Services shall be monitored by the Department of Probation, Parole and Pardon Services with an active electronic monitoring device.

(C) A person who is required to register pursuant to this article for committing criminal sexual conduct with a minor in the first degree, pursuant to Section 16-3-655(A)(1), or criminal sexual conduct with a minor in the third degree, pursuant to Section 16-3-655(C), and who violates a term of probation, parole, community supervision, or a community supervision program must be ordered by the court or agency with jurisdiction to be monitored by the Department of Probation, Parole and Pardon Services with an active electronic monitoring device.

(D) A person who is required to register pursuant to this article for any other offense listed in subsection (G), and who violates a term of probation, parole, community supervision, or a community supervision program, may be ordered by the court or agency with jurisdiction to be monitored by the Department of Probation, Parole and Pardon Services with an active electronic monitoring device.

(E) A person who is required to register pursuant to this article for committing criminal sexual conduct with a minor in the first degree, pursuant to Section 16-3-655(A)(1), or criminal sexual conduct with a minor in the third degree, pursuant to Section 16-3-655(C), and who violates a provision of this article, must be ordered by the court to be monitored by the Department of Probation, Parole and Pardon Services with an active electronic monitoring device.

(F) A person who is required to register pursuant to this article for any other offense listed in subsection (G), and who violates a provision of this article, may be ordered by the court to be monitored by the Department of Probation, Parole and Pardon Services with an active electronic monitoring device.

(G) This section applies to a person who has been:

(1) convicted of, pled guilty or nolo contendere to, or been adjudicated delinquent for any of the following offenses:

(a) criminal sexual conduct with a minor in the first degree (Section 16-3-655(A));

(b) criminal sexual conduct with a minor in the second degree (Section 16-3-655(B)). If evidence is presented at the criminal proceeding and the court makes a specific finding on the record that the conviction obtained for this offense resulted from illicit consensual sexual conduct, as contained in Section 16-3-655(B)(2), provided the offender is eighteen years of age or less, or consensual sexual conduct between persons under sixteen years of age, then the convicted person is not required to be electronically monitored pursuant to the provisions of this section;

(c) criminal sexual conduct with a minor in the third degree (Section 16-3-655(C));

(d) engaging a child for sexual performance (Section 16-3-810);

(e) producing, directing, or promoting sexual performance by a child (Section 16-3-820);

(f) criminal sexual conduct: assaults with intent to commit (Section 16-3-656) involving a minor;

(g) violations of Article 3, Chapter 15, Title 16 involving a minor;

(h) kidnapping (Section 16-3-910) of a person under eighteen years of age except when the offense is committed by a parent;

(i) trafficking in persons (Section 16-3-2020) of a person under eighteen years of age except when the court makes a finding on the record that the offense did not include a criminal sexual offense or an attempted criminal sexual offense; or

(2) ordered as a condition of sentencing to be included in the sex offender registry pursuant to Section 23-3-430(D) for an offense involving a minor, except that the provisions of this item may not be construed to apply to a person eighteen years of age or less who engages in illicit but consensual sexual conduct with another person who is at least fourteen years of age as provided in Section 16-3-655(B)(2).

(H) The person shall be monitored by the Department of Probation, Parole and Pardon Services with an active electronic monitoring device for the duration of the time the person is required to remain on the sex offender registry pursuant to the provisions of this article, unless the person is committed to the custody of the State. Ten years from the date the person begins to be electronically monitored, the person may petition the chief administrative judge of the general sessions court for the county in which the person was ordered to be electronically monitored for an order to be released from the electronic monitoring requirements of this section. The person shall serve a copy of the petition upon the solicitor of the circuit and the Department of Probation, Parole and Pardon Services. The court must hold a hearing before ordering the person to be released from the electronic monitoring requirements of this section, unless the court denies the petition because the person is not eligible for

release or based on other procedural grounds. The solicitor of the circuit, the Department of Probation, Parole and Pardon Services, and any victims, as defined in Article 15, Chapter 3, Title 16, must be notified of any hearing pursuant to this subsection and must be given an opportunity to testify or submit affidavits in response to the petition. If the court finds that there is clear and convincing evidence that the person has complied with the terms and conditions of the electronic monitoring and that there is no longer a need to electronically monitor the person, then the court may order the person to be released from the electronic monitoring requirements of this section. If the court denies the petition or refuses to grant the order, then the person may refile a new petition every five years from the date the court denies the petition or refuses to grant the order. A person may not petition the court if the person is required to register pursuant to this article for committing criminal sexual conduct with a minor in the first degree, pursuant to Section 16-3-655(A)(1), or criminal sexual conduct with a minor in the third degree, pursuant to Section 16-3-655(C).

(I) The person shall follow instructions provided by the Department of Probation, Parole and Pardon Services to maintain the active electronic monitoring device in working order. Incidental damage or defacement of the active electronic monitoring device must be reported to the Department of Probation, Parole and Pardon Services within two hours. A person who fails to comply with the reporting requirement of this subsection is guilty of a felony and, upon conviction, must be fined not more than five thousand dollars or imprisoned not more than five years.

(J) The person shall abide by other terms and conditions set forth by the Department of Probation, Parole and Pardon Services with regard to the active electronic monitoring device and electronic monitoring program.

(K) The person must be charged for the cost of the active electronic monitoring device and the operation of the active electronic monitoring device for the duration of the time the person is required to be electronically monitored. The Department of Probation, Parole and Pardon Services may exempt a person from the payment of a part or all of the cost during a part or all of the duration of the time the person is required to be electronically monitored, if the Department of Probation, Parole and Pardon Services determines that exceptional circumstances exist such that these payments cause a severe hardship to the person. The payment of the cost must be a condition of supervision of the person and a delinquency of two months or more in making payments may operate as a violation of a term or condition of the electronic monitoring. All fees generated by this subsection must be retained by the Department of Probation, Parole and Pardon Services, carried forward, and applied to support the active electronic monitoring of sex offenders.

(L) A person who intentionally removes, tampers with, defaces, alters, damages, or destroys an active electronic monitoring device is guilty of a felony and, upon conviction, must be fined not more than five thousand dollars or imprisoned not more than five years. This subsection does not apply to a person or agent authorized by the Department of Probation, Parole and Pardon Services to perform maintenance and repairs to the active electronic monitoring devices.

(M) A person who completes his term of incarceration and the maximum term of probation, parole, or community supervision and who wilfully violates a term or condition of electronic monitoring, as ordered by the court or determined by the Department of Probation, Parole and Pardon Services is guilty of a felony and, upon conviction, must be sentenced in accordance with the provisions of Section 23-3-545.

(N) The Department of Corrections shall notify the Department of Probation, Parole and Pardon Services of the projected release date of an inmate serving a sentence, as described in this section, at least one hundred eighty days in advance of the person's release from incarceration. For a person sentenced to one hundred eighty days or less, the Department of Corrections shall immediately notify the Department of Probation, Parole and Pardon Services.

(O) When an inmate serving a sentence as described in this section is released on electronic monitoring, a victim who has previously requested notification and the sheriff's office in the county where the person is to be released must be notified in accordance with the requirements of Article 15, Chapter 3, Title 16.

(P) As used in this section, "active electronic monitoring device" means an all body worn device that is not removed from the person's body utilized by the Department of Probation, Parole and Pardon Services in conjunction with a web-based computer system that actively monitors and records a person's location at least once every minute twenty-four hours a day and that timely records and reports the person's presence near or within a prohibited area or the person's departure from a specified geographic location. In addition, the device must be resistant or impervious to unintentional or wilful damages. The South Carolina Criminal Justice Academy may offer training to officers of the Department of Probation, Parole and Pardon Services regarding the utilization of active electronic monitoring devices. In areas of the State where cellular coverage requires the use of an alternate device, the Department of Probation, Parole and Pardon Services may use an alternate device.

(Q) Except for juveniles released from the Department of Corrections, all juveniles adjudicated delinquent in family court, who are required to be monitored pursuant to the provisions of this article by the Department of Probation, Parole and Pardon Services, or who are ordered by a court to be monitored must be supervised, while under the jurisdiction of the family court or Board of Juvenile Parole, by the Department of Juvenile Justice. The Department of Probation, Parole and Pardon Services shall report to the Department of Juvenile Justice all violations of the terms or conditions of electronic monitoring for all juveniles supervised by the department, for as long as the family court or Juvenile Parole Board has jurisdiction over the juvenile. If the Department of Juvenile Justice determines that a juvenile has violated a term or condition of electronic monitoring, the department shall immediately notify local law enforcement of the violation.

Currentness

(A) If a person is convicted of wilfully violating a term or condition of active electronic monitoring pursuant to Section 23-3-540(M), the court may impose other terms and conditions considered appropriate and may continue the person on active electronic monitoring, or the court may revoke the active electronic monitoring and impose a sentence of up to ten years for the violation. A person who is incarcerated for a revocation is eligible to earn work credits, education credits, good conduct credits, and other credits which would reduce the sentence for the violation to the same extent he would have been eligible to earn credits on a sentence of incarceration for the underlying conviction. A person who is incarcerated for a revocation pursuant to the provisions of this subsection is not eligible for parole.

(B) If a person's electronic monitoring is revoked by the court and the court imposes a period of incarceration for the revocation, the person must be placed back on active electronic monitoring when the person is released from incarceration.

(C) A person may be sentenced for successive revocations, with each revocation subject to a ten-year sentence. The maximum aggregate amount of time the person may be required to serve when sentenced for successive revocations may not exceed the period of time the person is required to remain on the sex offender registry.

Code 1976 § 23-3-555

§ 23-3-555. Internet reporting requirements; penalties; information provided
to interactive computer services; judicial limitations on Internet use.

Currentness

(A) As used in this section:

(1) "Interactive computer service" means an information service, system, or access software provider that offers users the capability of generating, acquiring, storing, transforming, processing, retrieving, utilizing, or making available information via an Internet access provider, including a service or system that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the Internet and such systems operated or services offered by libraries or educational institutions.

(2) "Internet access provider" means a business, organization, or other entity providing directly to consumers a computer and communications facility through which a person may obtain access to the Internet. An Internet access provider does not include a business, organization, or other entity that provides only telecommunications services, cable services, or video services, or any system operated or services offered by a library or educational institution.

(3) "Internet identifier" means an electronic mail address, user name, screen name, or similar identifier used for the purpose of Internet forum discussions, Internet chat room discussions, instant messaging, social networking, or similar Internet communication.

(B)(1) A sex offender who is required to register with the sex offender registry pursuant to this article must provide, upon registration and each reregistration, information regarding the offender's Internet accounts with Internet access providers and the offender's Internet identifiers.

(2) A sex offender who is required to register with the sex offender registry pursuant to this article and who changes an Internet account with an Internet access provider or changes an Internet identifier must send written notice of the change to the appropriate sheriff within three business days of changing the Internet account or Internet identifier. A sheriff who receives notification of change of an Internet account or Internet identifier must notify the South Carolina Law Enforcement Division (SLED) within three business days.

(3) A sex offender who fails to provide Internet account or Internet identifier information, or who fails to provide notification of change of an Internet account or an Internet identifier, must be punished as provided for in Section 23-3-470. An offender who knowingly and wilfully gives false information regarding an Internet account or Internet identifier must be punished as provided for in Section 23-3-475.

(C)(1) An interactive computer service may request from SLED, on a form prescribed by SLED, a list of all registered sex offenders or information regarding specific registered sex offenders. In order to receive such information, the interactive computer service must provide identifying information as prescribed by SLED, including, but not limited to, the name, address, telephone number, legal nature, and corporate form of the interactive computer service.

(2) SLED must release information requested by an interactive computer service, including, but not limited to, the full names of the registered sex offenders, any aliases, any other identifying characteristics, each offender's date of birth, the home address on file, the offense for which the offender was required to register pursuant to Section 23-3-430, the date, city, and state of conviction, and any Internet identifiers. A photocopy of a current photograph also must be provided.

(3) SLED may charge a reasonable fee to cover the cost of copying and distributing information as provided for in this section. These funds must be used for the sole purpose of offsetting the cost of providing such information.

(4) SLED is not liable and must not be named as a party in an action to recover damages or seek relief for errors or omissions related to the distribution of information pursuant to this section; however, if the error or omission was done intentionally, with malice, or in bad faith, SLED is not immune from liability.

(5) The interactive computer service may use the information obtained from SLED to prescreen persons wanting to register for its service, identify sex offenders wanting to register for its service or using its service, prevent sex offenders from registering for its service, block sex offenders from using its service, disable sex offenders from using its service, remove sex offenders from its service, or to advise law enforcement or other governmental entities of potential violations of law or threats to public safety. An interactive computer service must not publish or in any way disclose or redisclose any information provided to the interactive computer service by SLED. A person who commits a criminal offense using information disclosed to the person pursuant to this section must be punished as provided for in Section 23-3-510.

(6) An interactive computer service is not liable and must not be named as a party in an action to recover damages or seek relief for:

(a) making or not making a request for information as permitted by this section;

(b) prescreening or not prescreening a person wanting to register for its service;

(c) identifying, blocking, or otherwise preventing a person from registering for its service based on a good faith belief that such person's Internet account information or Internet identifier appears in the information obtained from SLED, the National Sex Offender Registry, or any analogous state registry;

(d) not identifying, blocking, or otherwise preventing a person from registering for its service whose Internet account information or Internet identifier appears in the information obtained from SLED, the National Sex Offender Registry, or any analogous state registry;

(e) identifying, blocking, disabling, removing, or otherwise affecting a user based on a good faith belief that such user's Internet account information or Internet identifier appears in the information obtained from SLED, the National Sex Offender Registry, or any analogous state registry;

(f) not identifying, blocking, disabling, removing, or otherwise affecting a user, whose Internet account information or Internet identifier appears in the information obtained from SLED, the National Sex Offender Registry, or any analogous state registry; or

(g) using or not using the information obtained from SLED to advise law enforcement or other governmental entities of potential violations of law or threats to public safety.

(D) If a person commits a sexual offense in which the victim is under the age of eighteen at the time of the offense or the person reasonably believes is under the age of eighteen at the time of the offense, and the offender is required to register with the sex offender registry for the offense, then, upon conviction, adjudication of delinquency, guilty plea, or plea of nolo contendere, the judge must order as a condition of probation or parole that the person is prohibited from using the Internet to access social networking websites, communicate with other persons or groups for the purpose of promoting sexual relations with persons under the age of eighteen, and communicate with a person under the age of eighteen when the person is over the age of eighteen. The judge may permit a person to use the Internet to communicate with a person under the age of eighteen when such a person is the parent or guardian of a child under the age of eighteen, or the grandparent of a grandchild under the age of eighteen, and the person is not otherwise prohibited from communicating with the child or grandchild.

22-24B-2. Registration of convicted sex offenders--Time limit--Violation as felony--Discharge

Currentness

Any person who has been convicted for commission of a sex crime, as defined in § 22-24B-1, shall register in person as a sex offender. The term, convicted, includes a verdict or plea of guilty, a plea of nolo contendere, and a suspended imposition of sentence which has not been discharged pursuant to § 23A-27-14 before July 1, 1995.

Any juvenile fourteen years or older at the time of the offense shall register as a sex offender if that juvenile has been adjudicated of rape as defined in subdivision 22-24B-1(1), or of an out-of-state or federal offense that is comparable to the elements of the crime of rape or any crime committed in another state if the state also requires a juvenile adjudicated of that crime to register as a sex offender in that state. The term, adjudicated, includes a court's finding of delinquency, an admission, and a suspended adjudication of delinquency which has not been discharged pursuant to § 26-8C-4 before July 1, 2009.

The sex offender shall register within three business days of coming into any county to reside, temporarily domicile, attend school, attend postsecondary education classes, or work. Registration shall be with the chief of police of the municipality or the sheriff of the county in which the sex offender resides, temporarily domiciles, attends school, attends postsecondary education classes, or works. The sex offender shall notify the chief of police or sheriff if there is a change where the sex offender resides, attends school, or works. If the sex offender is not otherwise registered in the state, the sex offender shall register within three business days of coming into any county when the sex offender applies for or receives a South Dakota driver license, registers a motor vehicle, establishes a postal address, or registers to vote. A violation of this section is a Class 6 felony. Any person whose sentence is discharged pursuant to § 23A-27-14 after July 1, 1995, shall forward a certified copy of the formal discharge by certified mail to the Division of Criminal Investigation and to local law enforcement where the person is then registered under this section. Upon receipt of the notice, the person shall be removed from the sex offender registry open to public inspection and shall be relieved of further registration requirements under this section.

Any juvenile whose suspended adjudication is discharged pursuant to § 26-8C-4 after July 1, 2009, shall forward a certified copy of the formal discharge by certified mail to the Division of Criminal Investigation and to local law enforcement where the juvenile is then registered under this section. Upon receipt of the notice, the juvenile shall be removed from the sex offender registry open to public inspection and shall be relieved of further registration requirements under this section.

22-24B-26. Petition for order of exemption from safety zone restrictions--Contents--Service--Response

Currentness

An offender subject to community safety zone restrictions pursuant to §§ 22-24B-22 to 22-24B-28, inclusive, who is eligible to seek exemption from these restrictions as provided for in § 22-24B-27 may petition the circuit court in the county where the person resides for an order to terminate the person's obligation to comply with the community safety zone restrictions. The offender shall serve the petition and all supporting documentation on the state's attorney in the county where the offender currently resides, the office of the prosecutor in the jurisdiction where the offense occurred, and the Office of the Attorney General. The state's attorney in the county where the offender currently resides shall respond to each petition to request exemption from the community safety zone restrictions.

The petition and documentation to support the request for exemption from the community safety zone restrictions shall include:

- (2) A detailed description of the sex crime that was the basis for the offender to be subject to community safety zone restrictions;

- (4) The offender's criminal record.

The court may request that the petitioner provide additional information if the information provided is incomplete or if the court desires more information relative to the request for exemption.

22-24B-27. Community safety zone--Exemption--Eligibility

Currentness

To be eligible for exemption from the community safety zone restrictions, the petitioner shall show, by clear and convincing evidence, the following:

- (1) That at least ten years have elapsed since the date the petitioner was convicted of the offense that subjected the petitioner to community safety zone restrictions pursuant to §§ 22-24B-22 to 22-24B-28, inclusive. For purposes of this subdivision, any period of time during which the petitioner was incarcerated or during which the petitioner was confined in a mental health facility or during which the petitioner was on probation or parole supervision does not count toward the ten-year calculation, regardless of whether such incarceration, confinement or community supervision was for the sex offense requiring registration or for some other offense;
- (2) That the petitioner is not a recidivist sex offender. A recidivist sex offender is a person who has been convicted or adjudicated for more than one sex crime listed in § 22-24B-1, regardless of when those convictions or adjudications occurred. For purposes of this subdivision and subdivision (1) of this section, a conviction or adjudication includes a verdict or plea of guilty; a verdict or plea of guilty but mentally ill; a plea of nolo contendere; a suspended imposition of sentence granted under § 23A-27-13, regardless of whether it has been discharged; a deferred prosecution agreement entered by a prosecutor; and a determination made in another state, federal jurisdiction, or courts martial that is comparable to any of these events;
- (3) That the petitioner has completely and truthfully complied with the registration and reregistration requirements imposed under this chapter;
- (4) That the petitioner has actually resided in South Dakota at least ten consecutive years immediately prior to the filing of the petition. Residence as used in this subdivision does not mean the registration address of an incarcerated sex offender; and
- (5) The circumstances of the crime subjecting the offender to community safety zone restrictions did not involve a child under age thirteen.

Chapter 39. Offender Registration and Monitoring

Part 2. Tennessee Sexual Offender and Violent Sexual Offender Registration, Verification and Tracking Act of 2004 (Refs & Annos)

T. C. A. § 40-39-201

§ 40-39-201. Short title; general assembly declarations

Currentness

(a) This part shall be known as and may be cited as the “Tennessee Sexual Offender and Violent Sexual Offender Registration, Verification and Tracking Act of 2004.”

(b) The general assembly finds and declares that:

(1) Repeat sexual offenders, sexual offenders who use physical violence and sexual offenders who prey on children are violent sexual offenders who present an extreme threat to the public safety. Sexual offenders pose a high risk of engaging in further offenses after release from incarceration or commitment and protection of the public from these offenders is of paramount public interest;

(2) It is a compelling and necessary public interest that the public have information concerning persons convicted of sexual offenses collected pursuant to this part, to allow members of the public to adequately protect themselves and their children from these persons;

(3) Persons convicted of these sexual offenses have a reduced expectation of privacy because of the public's interest in public safety;

(4) In balancing the sexual offender's and violent sexual offender's due process and other rights against the interests of public security, the general assembly finds that releasing information about offenders under the circumstances specified in this part will further the primary governmental interest of protecting vulnerable populations from potential harm;

(5) The registration of offenders, utilizing complete and accurate information, along with the public release of specified information concerning offenders, will further the governmental interests of public safety and public scrutiny of the criminal and mental health systems that deal with these offenders;

(6) To protect the safety and general welfare of the people of this state, it is necessary to provide for continued registration of offenders and for the public release of specified information regarding offenders. This policy of authorizing the release of necessary and relevant information about offenders to members of the general public is a means of assuring public protection and shall not be construed as punitive;

(7) The offender is subject to specified terms and conditions that are implemented at sentencing or, at the time of release from incarceration, that require that those who are financially able must pay specified administrative costs to the appropriate registering agency, which shall retain one hundred dollars (\$100) of the costs for the administration of this part and the investigation of sexual offenses, including the purchase of specialized equipment for use in the investigation of sexual offenses, and must be reserved for such purposes at the end of each fiscal year, with the remaining fifty dollars (\$50.00) of fees to be remitted to the state treasury to be deposited into the general fund of the state; provided, that a juvenile offender required to register under this part shall not be required to pay the administrative fee until the offender reaches eighteen (18) years of age; and

(8) The general assembly also declares, however, that in making information about certain offenders available to the public, the general assembly does not intend that the information be used to inflict retribution or additional punishment on those offenders.

§ 40-39-203. Registration forms; time for completion; contents; photographs

Currentness

(a)(1) Within forty-eight (48) hours of establishing or changing a primary or secondary residence, establishing a physical presence at a particular location, becoming employed or practicing a vocation or becoming a student in this state, the offender shall register or report in person, as required by this part. Likewise, within forty-eight (48) hours of release on probation or any alternative to incarceration, excluding parole, the offender shall register or report in person, as required by this part.

(2) Regardless of an offender's date of conviction, adjudication or discharge from supervision, an offender whose contact with this state is sufficient to satisfy the requirements of subdivision (a)(1) is required to register in person as required by this part, if the person was required to register as any form of sexual offender, juvenile offender or otherwise, in another jurisdiction prior to the offender's presence in this state.

(3) An offender who resides and is registered in this state and who intends to move out of this state shall, within forty-eight (48) hours after moving to another state or within forty-eight (48) hours of becoming reasonably certain of the intention to move to another state, register or report to the offender's designated law enforcement agency the address at which the offender will reside in the new jurisdiction.

(4) Within forty-eight (48) hours of a change in any other information given to the registering agency by the offender that is contained on the registration form, the offender must report the change to the registering agency.

(5) Within forty-eight (48) hours of being released from probation or parole, an offender must report to the proper law enforcement agency, which shall then become the registering agency and take over registry duties from the department of correction.

(6) Within forty-eight (48) hours of a material change in employment or vocation status, the offender shall report the change to the person's registering agency. For purposes of this subdivision (a)(6), "a material change in employment or vocational status" includes being terminated involuntarily from the offender's employment or vocation, voluntarily terminating the employment or vocation, taking different employment or the same employment at a different location, changing shifts or substantially changing the offender's hours of work at the same employment or vocation, taking additional employment, reducing the offender's employment or any other change in the offender's employment or vocation that differs from that which the offender originally registered. For a change in employment or vocational status to be considered a material one, it must remain in effect for five (5) consecutive days or more.

(7) Within three (3) days, excluding holidays, of an offender changing the offender's electronic mail address information, any instant message, chat or other internet communication name or identity information that the person uses or intends to use, whether within or without this state, the offender shall report the change to the offender's designated law enforcement agency.

(b)(1) An offender who is incarcerated in this state in a local, state or federal jail or a private penal institution shall, within forty-eight (48) hours prior to the offender's release, register or report in person, completing and signing a TBI registration form, under penalty of perjury, pursuant to § 39-16-702(b)(3), as follows:

(A) If incarcerated in a state, federal or private penal facility, with the warden or the warden's designee; or

(B) If incarcerated in a local jail, with the sheriff or the sheriff's designee.

(2) After registering or reporting with the incarcerating facility as provided in subdivision (b)(1), an offender who is incarcerated in this state in a local, state or federal jail or a private penal institution shall, within forty-eight (48) hours after the offender's release from the incarcerating institution, report in person to the offender's registering agency, unless the place of incarceration is also the person's registering agency.

(3) Notwithstanding subdivisions (b)(1) and (2), an offender who is incarcerated in this state in a local, state or federal jail or a private penal institution and who has not registered pursuant to § 40-39-212(a) or any other law shall, by August 1, 2011, be required to report in person, register, complete and sign a TBI registration form, under penalty of perjury, pursuant to § 39-16-702(b)(3), as follows:

(A) If incarcerated in a state, federal or private penal facility, with the warden or the warden's designee; or

(B) If incarcerated in a local jail, with the sheriff or the sheriff's designee.

(c) An offender from another state, jurisdiction or country who has established a primary or secondary residence within this state or has established a physical presence at a particular location shall, within forty-eight (48) hours of establishing residency or a physical presence, register or report in person with the designated law enforcement agency, completing and signing a TBI registration form, under penalty of perjury, pursuant to § 39-16-702(b)(3).

(d)(1) An offender from another state, jurisdiction or country who is not a resident of this state shall, within forty-eight (48) hours of employment, commencing practice of a vocation or becoming a student in this state, register or report in person, completing and signing a TBI registration form, under penalty of perjury, pursuant to § 39-16-702(b)(3), with:

(A) The sheriff in the county or the chief of police in the municipality within this state where the offender is employed or practices a vocation; or

(B) The law enforcement agency or any institution of higher education, or if not applicable, the designated law enforcement agency with jurisdiction over the campus, if the offender is employed or practices a vocation or is a student.

(2) Within forty-eight (48) hours of an offender from another state, jurisdiction or country who is not a resident of this state making a material change in the offender's vocational or employment or vocational status within this state, the offender shall report the change to the person's registering agency. For purposes of this subdivision (d)(2), "a material change in employment or vocational status" includes being terminated involuntarily from the offender's employment or vocation, voluntarily terminating the employment or vocation, taking different employment or the same employment at a different location, changing shifts or substantially changing the offender's hours of work at the same employment or vocation, taking additional employment, reducing the offender's employment or any other change in the offender's employment or vocation that differs from that which the offender originally registered. For a change in employment or vocational status to be considered a material one, it must remain in effect for five (5) consecutive days or more.

Offenders who reside in nursing homes and assisted living facilities and offenders committed to mental health institutions or continuously confined to home or health care facilities due to mental or physical disabilities are exempt from this requirement, as otherwise provided by this part.

(h) An offender who indicates to a designated law enforcement agency on the TBI registration form the offender's intent to reside in another state, jurisdiction or country and who then decides to remain in this state shall, within forty-eight (48) hours of the decision to remain in the state, report in person to the designated law enforcement agency and update all information pursuant to subsection (i).

(2) Subdivision (j)(1) shall apply to offenders:

(A) Whose convictions for a sexual offense or violent sexual offense occurred prior to January 1, 1995;

(m) Registry information regarding all registered offender's electronic mail address information, any instant message, chat or other internet communication name or identity information may be electronically transmitted by the TBI to a business or organization that offers electronic communication or remote computing services for the purpose of prescreening users or for comparison with information held by the requesting business or organization. In order to obtain the information from the TBI, the requesting business or organization that offers electronic communication or remote computing services shall agree to notify the TBI forthwith when a comparison indicates that any such registered sex offender's electronic mail address information, any instant message, chat or other internet communication name or identity information is being used on their system. The requesting business or organization shall also agree that the information will not be further disseminated.

(n) If the offender's DNA sample has not already been collected pursuant to § 40-35-321 or any other law and received by the TBI, the offender's DNA sample shall be taken by the registering agency at the time the offender registers or at the offender's next scheduled registration or reporting and sent to the TBI.

(o) An offender who registers or reports as required by this section prior to July 1, 2008, shall provide the additional information on the registration form required by this section at the offender's next scheduled registration or reporting date.

(p) An offender who is housed in a halfway house or any other facility as an alternative to incarceration where unsupervised contact is permitted outside of the facility is required to register or report with the registering agency as set out in § 40-39-204 in the city or county of the facility in which the offender is housed. The registering agency shall be responsible for the duties set out in § 40-39-205(b) during the time that the offender is housed in the facility.

T. C. A. § 40-39-204

§ 40-39-204. Data repository; reporting and exemptions; re-incarceration; travel out of the country

Currentness

(a) The TBI shall maintain and make available a connection to the SOR for all criminal justice agencies with TIES internet capabilities, by which registering agencies shall enter original, current and accurate data required by this part. The TBI shall provide viewing and limited write access directly to the SOR through the TIES internet to registering agencies for the entry of record verification data, changes of residence, employment or other pertinent data required by this part and to assist in offender identification. Registering agencies should immediately, but in no case to exceed twelve (12) hours from registration, enter all data received from the offender as required by the TBI and § 40-39-203(i), into the TIES internet for the enforcement of this part by TBI, designated law enforcement agencies, TDOC, and private contractors with TDOC.

(b)(1) Violent sexual offenders shall report in person during the months of March, June, September, and December of each calendar year, to the designated law enforcement agency, on a date established by such agency, to update the offender's fingerprints, palm prints and photograph, as determined necessary by the agency, and to verify the continued accuracy of the information in the TBI registration form. Offenders who reside in nursing homes and assisted living facilities and offenders committed to mental health institutions or continuously confined to home or health care facilities due to mental or physical disabilities are exempt from the in-person reporting and fingerprinting, as otherwise provided by this part. At the time of the violent offender's initial registration or initial reporting date for the calendar year, the violent sexual offender shall pay the specified administrative costs, not to exceed one hundred fifty dollars (\$150), one hundred dollars (\$100) of which shall be retained by the designated law enforcement agency to be used for the purchase of equipment, to defray personnel and maintenance costs and any other expenses incurred as a result of the implementation of this part. The remaining fifty dollars (\$50.00) shall be remitted by the registering agency to the state treasury to be deposited into the general fund of the state. Offenders who reside in nursing homes and assisted living facilities and offenders committed to mental health institutions or continuously confined to home or health care facilities due to mental or physical disabilities are exempt from paying the administrative cost as otherwise provided by this part.

(2) At least once during the months of March, June, September, and December of each calendar year, all violent juvenile sexual offenders shall report in person to the offender's registering agency to update the offender's fingerprints, palm prints and photograph, as determined necessary by the agency, and to verify the continued accuracy of the information transmitted to the TBI by the registering agency as defined in § 40-39-202. Offenders in custody shall register as set out in § 40-39-203(b)(1).

(c) Once a year, all sexual offenders shall report in person, no earlier than seven (7) calendar days before and no later than seven (7) calendar days after the offender's date of birth, to the designated law enforcement agency to update the offender's fingerprints, palm prints and photograph, as determined necessary by the agency, to verify the continued accuracy of the information in the TBI registration form and to pay the specified administrative costs, not to exceed one hundred fifty dollars (\$150), one hundred dollars (\$100) of which shall be retained by the designated law enforcement agency to be used for the purchase of

equipment, to defray personnel and maintenance costs and any other expenses incurred as a result of the implementation of this part. The remaining fifty dollars (\$50.00) shall be submitted by the registering agency to the state treasury to be deposited in the general fund of the state. Offenders whose initial registration occurs after the annual reporting period shall be required to pay the administrative costs at the time of the initial registration. Offenders who reside in nursing homes and assisted living facilities and offenders committed to mental health institutions or continuously confined to home or health care facilities due to mental or physical disabilities are exempt from the in-person reporting and fingerprinting and administrative cost as otherwise provided by this part. However, if an offender is released or discharged from a nursing home, assisted living facility or mental health institution or is no longer continuously confined to home or a health care facility due to mental or physical disabilities, the offender shall, within forty-eight (48) hours, register in person with the designated law enforcement agency, completing and signing a TBI registration form, under penalty of perjury, pursuant to § 39-16-702(b)(3). If the offender has previously registered prior to the release or discharge, the offender shall, within forty-eight (48) hours, report in person to the designated law enforcement agency and update all information pursuant to this section.

(d) Within three (3) days after the offender's verification, the designated law enforcement agency with whom the offender verified shall send by United States postal service or by electronic means the original signed TBI registration form containing information required by § 40-39-203(i) to TBI headquarters in Nashville. The TBI shall be the state central repository for all original TBI registration forms and any other forms required by § 40-39-207 that are deemed necessary for the enforcement of this part. The designated law enforcement agency shall retain a duplicate copy of the TBI registration form as a part of the business records for that agency.

(e) If a person required to register under this part is reincarcerated for another offense or as the result of having violated the terms of probation, parole, conditional discharge or any other form of alternative sentencing, the offender shall immediately report the offender's status as a sexual offender or violent sexual offender to the facility where the offender is incarcerated or detained and notify the offender's appropriate registering agency, if different, that the offender is currently being detained or incarcerated. Registration, verification and tracking requirements for such persons are tolled during the subsequent incarceration. Within forty-eight (48) hours of the release from any subsequent reincarcerations, the offender shall register with the appropriate designated law enforcement agency. Likewise, if a person who is required to register under this part is deported from this country, the registration, verification and tracking requirements for such persons are tolled during the period of deportation. Within forty-eight (48) hours of the return to this state after deportation, the offender shall register with the appropriate designated law enforcement agency.

(f) Offenders who reside in nursing homes and assisted living facilities and offenders committed to mental health institutions or continuously confined to home or health care facilities due to mental or physical disabilities shall be exempted from the in-person reporting, fingerprinting and administrative cost requirements; however, it shall be the responsibility of the offender, the offender's guardian, the person holding the offender's power of attorney or, in the absence thereof, the administrator of the facility, to report any changes in the residential status to TBI headquarters in Nashville by United States postal service. Further, if an offender is released or discharged from a nursing home, assisted living facility, mental health institution or is no longer continuously confined to home or a health care facility due to mental or physical disabilities, the offender shall, within forty-eight (48) hours, register in person with the designated law enforcement agency, completing and signing a TBI registration form, under penalty of perjury, pursuant to § 39-16-702(b)(3). If the offender has previously registered prior to the release or discharge, the offender shall, within forty-eight (48) hours, report in person to the designated law enforcement agency and update all information pursuant to this section.

(g) Offenders who do not maintain either a primary or secondary residence, as defined in this part, shall be considered homeless, and are subject to the reporting requirements of this part. The offenders who are considered homeless shall be required to report

to their registering agency monthly. By the authority established in § 40-39-206(f), the TBI shall develop tracking procedures for the continued verification and tracking of these offenders in the interest of public safety.

(h) Each offender shall report to the designated law enforcement agency at least twenty-one (21) days before traveling out of the country; provided, that offenders who travel out of the country frequently for work or other legitimate purpose, with the written approval of the designated law enforcement agency, and offenders who travel out of the country for emergency situations shall report to the designated law enforcement agency at least twenty-four (24) hours before traveling out of the country.

(b) It shall be the duty of the offender's designated registering agency, its representatives and designees, including any district attorney general's criminal investigator, to verify the accuracy and completeness of all information contained in the offender's SOR.

(c) The officer or employee responsible for supervising an offender who has been released on probation, parole or any other alternative to incarceration shall:

(1) Promptly obtain the offender's signed statement acknowledging that the named officer or employee has:

(A) Fully explained, and the offender understands, the registration, verification and tracking requirements and sanctions of this part and the current sex offender directives established by the department of correction;

The photographs of the offender, vehicles and vessels, and the fingerprints should also be sent by United States postal service within three (3) days, if not electronically submitted to TBI headquarters in Nashville. The registering agency shall retain a duplicate copy of the TBI registration form as a part of the business records for that agency.

(d) Not more than forty-eight (48) hours prior to the release of an offender from incarceration, with or without supervision, the warden of the correctional facility or the warden's designee, or sheriff of the jail or the sheriff's designee, shall obtain the offender's signed statement acknowledging that the official has fully explained, and the offender understands, the registration, verification and tracking requirements and sanctions of this part. Title 40. Criminal Procedure

Chapter 39. Offender Registration and Monitoring

Part 2. Tennessee Sexual Offender and Violent Sexual Offender Registration, Verification and Tracking Act of 2004 (Refs & Annos)

T. C. A. § 40-39-207

§ 40-39-207. Petition or request to terminate registration requirements; effect of denial; removal upon expungement; violent juvenile sexual offenders

Currentness

(a)(1) Except as otherwise provided in subdivision (a)(3), unless a plea was taken in conjunction with § 40-35-313, no sooner than ten (10) years after termination of active supervision on probation, parole, or any other alternative to incarceration, or no sooner than ten (10) years after discharge from incarceration without supervision, an offender required to register under this part may file a request for termination of registration requirements with TBI headquarters in Nashville. If the person is required to register under this part due to a plea taken in conjunction with § 40-35-313, an offender required to register under this part may file a request for termination of registration upon successful completion of a term of judicial diversion pursuant to § 40-35-313 and upon receiving an order from a court of competent jurisdiction signifying the successful completion of the term of judicial diversion and the dismissal of charges pursuant to § 40-35-313.

(2) Notwithstanding subdivision (a)(1), if a court of competent jurisdiction orders that an offender's records be expunged pursuant to § 40-32-108, and the offense being expunged is an offense eligible for expunction under § 40-32-107, the TBI shall immediately remove the offender from the SOR and the offender's records shall be removed as provided in § 40-39-209.

(3) Notwithstanding subdivision (a)(1), no sooner than three (3) years after termination of active supervision on probation, parole, or any other alternative to incarceration, or no sooner than three (3) years after discharge from incarceration without supervision, an offender required to register under this part due to conviction under § 39-16-408 may file a request for termination of registration requirements with TBI headquarters in Nashville.

(4) Notwithstanding subdivision (a)(1), an offender who is required to register pursuant to this part because the offender was convicted of the offense of aggravated prostitution under § 39-13-516 and the offense was committed prior to July 1, 2024, may file a request for termination of registration requirements with TBI headquarters in Nashville.

(5) Notwithstanding subdivision (a)(1), an offender who is required to register pursuant to this part because the offender was convicted of the offense of criminal exposure of another to human immunodeficiency virus (HIV) under § 39-13-109(a)(1) and the offense was committed prior to July 1, 2023, may file a request for termination of registration requirements with TBI headquarters in Nashville.

(b) Upon receipt of the request for termination, the TBI shall review documentation provided by the offender and contained in the offender's file and the SOR, to determine whether the offender has complied with this part. In addition, the TBI shall conduct fingerprint-based state and federal criminal history checks, to determine whether the offender has been convicted of any additional sexual offenses, as defined in § 40-39-202, or violent sexual offenses, as defined in § 40-39-202.

(c) The TBI shall remove an offender's name from the SOR and notify the offender that the offender is no longer required to comply with this part if it is determined that:

(1) The offender has successfully completed a term of judicial diversion, pursuant to § 40-35-313, for an offense under § 39-13-505 or § 39-13-506(a) or (b), for which the person is required to register under this part;

(2) The offender previously entered a term of judicial diversion, pursuant to § 40-35-313, prior to May 24, 2019, for the offense for which the person is required to register under this part and subsequently successfully completes the term of judicial diversion; or

(3) The offender has not been convicted of any additional sexual offense or violent sexual offense during the ten-year period and the offender has substantially complied with this part and former part 1 of this chapter [repealed].

(d) If it is determined that the offender has been convicted of any additional sexual offenses or violent sexual offenses during the ten-year period or has not substantially complied with this part and former part 1 of this chapter [repealed], the TBI shall not remove the offender's name from the SOR and shall notify the offender that the offender has not been relieved of the provisions of this part.

(e) If an offender is denied a termination request based on substantial noncompliance, the offender may petition again for termination no sooner than five (5) years after the previous denial.

(f) Immediately upon the failure of a sexual offender to register or otherwise substantially comply with the requirements established by this part, the running of the offender's ten-year reporting period shall be tolled, notwithstanding the absence or presence of any warrant or indictment alleging a violation of this part.

(g)(1) An offender whose request for termination of registration requirements is denied by a TBI official may petition the chancery court of Davidson County or the chancery court of the county where the offender resides, if the county is in Tennessee, for review of the decision. The review shall be on the record used by the TBI official to deny the request. The TBI official who denied the request for termination of registration requirements may submit an affidavit to the court detailing the reasons the request was denied.

(2) An offender required to register under this part shall continue to comply with the registration, verification and tracking requirements for the life of that offender, if that offender:

(A) Has one (1) or more prior convictions for a sexual offense, as defined in § 40-39-202, regardless of when the conviction or convictions occurred;

(B) Has been convicted of a violent sexual offense, as defined in § 40-39-202; or

(C) Has been convicted of an offense in which the victim was a child of twelve (12) years of age or less.

(3) For purposes of subdivision (g)(2)(A):

(A) “Prior conviction” means that the person serves and is released or discharged from, or is serving, a separate period of incarceration or supervision for the commission of a sexual offense prior to or at the time of committing another sexual offense;

(B) “Prior conviction” includes convictions under the laws of any other state, government or country that, if committed in this state, would constitute a sexual offense. If an offense in a jurisdiction other than this state is not identified as a sexual offense in this state, it shall be considered a prior conviction if the elements of the offense are the same as the elements for a sexual offense; and

(C) “Separate period of incarceration or supervision” includes a sentence to any of the sentencing alternatives set out in § 40-35-104(c)(3)-(9). A sexual offense shall be considered as having been committed after a separate period of incarceration or supervision if the sexual offense is committed while the person was:

(i) On probation, parole or community correction supervision for a sexual offense;

(ii) Incarcerated for a sexual offense;

(iii) Assigned to a program whereby the person enjoys the privilege of supervised release into the community, including, but not limited to, work release, educational release, restitution release or medical furlough for a sexual offense; or

(iv) On escape status from any correctional institution when incarcerated for a sexual offense.

(h)(1) Any offender required to register pursuant to this chapter because the offender was convicted of the offense of statutory rape under § 39-13-506 and the offense was committed prior to July 1, 2006, may file a request for termination of registration requirements with TBI headquarters in Nashville, if the offender would not be required to register if the offense was committed on or after July 1, 2006.

(2) Upon receipt of the request for termination, the TBI shall review documentation provided by the offender and contained in the offender's file and the SOR, to determine whether the offender would not be required to register if the offender committed the same offense on or after July 1, 2006. In addition, the TBI shall conduct fingerprint-based state and federal criminal history checks, to determine whether the offender has been convicted of any additional sexual offenses, as defined in § 40-39-202, or violent sexual offenses, as defined in § 40-39-202.

(3) If it is determined that the offender would not be required to register if the offense was committed on or after July 1, 2006, that the offender has not been convicted of any additional sexual offenses or violent sexual offenses and that the offender has substantially complied with this part and any previous versions of this part, the TBI shall remove the offender's name from the SOR and notify the offender that the offender is no longer required to comply with this part.

(4) If it is determined that the offender would still be required to register even if the statutory rape had been committed on or after July 1, 2006, or that the offender has been convicted of any additional sexual offenses or violent sexual offenses during the period of registration or has not substantially complied with this part and the previous versions of this part, the TBI shall not remove the offender's name from the SOR and shall notify the offender that the offender has not been relieved of this part.

(5) An offender whose request for termination of registration requirements is denied by a TBI official may petition the chancery court of Davidson County or the chancery court of the county where the offender resides, if the county is in this state, for review of the decision. The review shall be on the record used by the TBI official to deny the request. The TBI official who denied the request for termination of registration requirements may submit an affidavit to the court detailing the reasons the request was denied.

(i)(1)(A) If a person convicted of an offense was not required to register as an offender prior to August 1, 2007, because the person was convicted, discharged from parole or probation supervision or discharged from incarceration without supervision prior to January 1, 1995, for an offense now classified as a sexual offense, the person may file a request for termination of registration requirements with TBI headquarters in Nashville, no sooner than five (5) years from August 1, 2007, or the date the person first registered with the SOR, whichever date is later.

(B) The procedure, criteria for removal and other requirements of this section shall otherwise apply to an offender subject to removal after five (5) years as specified in subdivision (i)(1)(A).

(2) If a person convicted of an offense was not required to register as an offender prior to August 1, 2007, because the person was convicted, discharged from parole or probation supervision or discharged from incarceration without supervision prior to January 1, 1995, for an offense now classified as a violent sexual offense, the person shall continue to comply with the registration, verification and tracking requirements for the life of that offender.

(3)(A) If a person convicted of an offense was not required to register as an offender prior to July 1, 2010, for an offense now classified as a sexual offense, the person may file a request for termination of registration requirements with TBI headquarters in Nashville, no sooner than five (5) years from July 1, 2010, or the date the person first registered with the SOR, whichever date is later.

(B) The procedure, criteria for removal and other requirements of this section shall otherwise apply to an offender subject to removal after five (5) years as specified in subdivision (i)(3)(A).

(C) If a person convicted of an offense was not required to register as an offender prior to July 1, 2010, for an offense now classified as a violent sexual offense, the person shall continue to comply with the registration, verification and tracking requirements for the life of that offender.

(4) Unless otherwise authorized by law, a person required to register as any form of a sexual offender in this state due to a qualifying offense from another jurisdiction which is classified as a sexual offense in this state may apply for removal from the registry pursuant to subdivision (a)(1) following the later of:

- (A) Ten (10) years from the date of termination of active supervision or probation, parole or any other alternative to incarceration, or after discharge from incarceration without supervision; or
- (B) Five (5) years after being added to the Tennessee sexual offender registry.
- (j)(1) Violent juvenile sexual offenders who are currently registered as such and who receive a subsequent adjudication in juvenile court or a court having juvenile court jurisdiction for one of the offenses listed in § 40-39-202(29) or a crime that if committed in this state would require registration shall be required to register for life. Information concerning the violent juvenile sexual offender who commits a subsequent offense listed in § 40-39-202(29), which was formerly considered confidential under § 40-39-206(e), shall be deemed public information once the offender reaches the offender's eighteenth birthday.
- (2) Violent juvenile sexual offenders who are currently registered as such and who, upon reaching the age of eighteen (18), are convicted of a sexual offense as set out in § 40-39-202(20) or a violent sexual offense as set out in § 40-39-202(31) shall be required to register for life. Information concerning the violent juvenile sexual offender who commits a subsequent offense listed in § 40-39-202(20) or § 40-39-202(31), which was formerly considered confidential under § 40-39-206(e), shall be deemed public information.
- (3) Violent juvenile sexual offenders who reach the age of twenty-five (25), and who have not been adjudicated or convicted of a subsequent qualifying offense as set out in subdivisions (j)(1) and (2) or any offense set out in subdivision (g)(2)(C), shall be eligible for termination from the SOR. Upon reaching the age of twenty-five (25), the violent juvenile sexual offender may apply for removal from the SOR by use of a form created by the TBI. The form will contain a statement, sworn to by the offender under the penalty of perjury, that the offender has not been convicted of or adjudicated delinquent of any of the offenses set out in subdivisions (j)(1) and (2) or any offense set out in subdivision (g)(2)(C).
- (4) TBI shall also conduct fingerprint-based state and federal criminal history checks to determine whether the violent juvenile sexual offender has been convicted of or adjudicated on any prohibited crimes as set out in subdivisions (j)(1) and (2) or any offense set out in subdivision (g)(2)(C), including crimes committed in other jurisdictions.
- (5) If the violent juvenile sexual offender has not been convicted or adjudicated delinquent in any of the prohibited crimes, the offender shall be removed from the sex offender registry.

Part 2. Tennessee Sexual Offender and Violent Sexual Offender Registration, Verification and Tracking Act of 2004 (Refs & Annos)

T. C. A. § 40-39-211

§ 40-39-211. Establishment of residence or acceptance of employment; violations

Currentness

(a)(1) While mandated to comply with the requirements of this chapter, no sexual offender, as defined in § 40-39-202, or violent sexual offender as defined in § 40-39-202, shall knowingly establish a primary or secondary residence or any other living accommodation or knowingly accept employment within one thousand feet (1,000') of the property line of any public school, private or parochial school, licensed day care center, other child care facility, public park, playground, recreation center, or public athletic field available for use by the general public.

(2) For purposes of this subsection (a), "playground" means any indoor or outdoor facility that is intended for recreation of children and owned by the state, a local government, or a not-for-profit organization, and includes any parking lot appurtenant to the indoor or outdoor facility.

(b) No sexual offender, violent sexual offender, or violent juvenile sexual offender, as those terms are defined in § 40-39-202, shall knowingly:

(1) Reside within one thousand feet (1,000') of the property line on which the offender's former victims or the victims' immediate family members reside;

(2) Come within one hundred feet (100') of any of the offender's former victims, except as otherwise authorized by law; or

(3) Contact any of the offender's former victims or the victims' immediate family members without the consent of the victim or consent of the victim's parent or guardian if the victim is a minor being contacted by telephone, in writing, by electronic mail, internet services or any other form of electronic communication, unless otherwise authorized by law.

(c)(1) While mandated to comply with the requirements of this part, no sexual offender or violent sexual offender, whose victim was a minor, shall knowingly reside or conduct an overnight visit at a residence in which a minor resides or is present. Notwithstanding this subsection (c), the offender may reside, conduct an overnight visit, or be alone with a minor if the offender is the parent of the minor, unless:

(A) The offender's parental rights have been or are in the process of being terminated as provided by law;

(B) Any minor or adult child of the offender was a victim of a sexual offense or violent sexual offense committed by the offender; or

(C) The offender has been convicted of a sexual offense or violent sexual offense and the following conditions have been satisfied:

(i) The victim of the sexual offense or violent sexual offense was a minor twelve (12) years of age or less; and

(ii) A circuit court, exercising its jurisdiction over civil matters, has found by clear and convincing evidence that the offender presents a danger of substantial harm to the minor.

(2) For purposes of subdivision (c)(1)(C):

(A) The district attorney general for the judicial district in which the minor resides may petition the court to make a finding described in subdivision (c)(1)(C)(ii) at any time the offender is required to register pursuant to this part;

(B) The offender must be provided notice and an opportunity to be heard;

(C) When determining whether the offender poses a danger of substantial harm to a minor, the court may consider the facts and circumstance of the offense, the offender's most recent efforts to rehabilitate, compliance with community supervision as provided in § 39-13-524 if applicable, any violations of this part as specified in § 40-39-208, and other relevant evidence;

(D) All files and records of the court in the proceeding must be treated as confidential and shall not be open to the public or disclosed to the public, but are open to:

(i) The judge, officers, and professional staff of the court;

(ii) The parties to the proceeding and their counsel and representatives;

(iii) Any parent or legal guardian of the minor other than the offender;

(iv) The offender's registering agency; and

(v) With permission of the court, any other person or agency having a legitimate interest in the proceeding;

(E) The court must enter a written order stating its findings. If the court finds that the offender presents a danger of substantial harm to the minor, the district attorney general shall provide the court's finding to the offender's registering agency;

(F) No sooner than two (2) years after the date of entry of the circuit court's order, the offender may petition the court for reconsideration of a finding that the offender presents a danger of substantial harm to the minor. The offender must show, by clear and convincing evidence, that the offender no longer presents a danger of substantial harm to the minor; and

(G) An appeal from a final order or judgment under subdivision (c)(1)(C)(ii) may be made to the court of appeals. A finding that the offender presents a danger of substantial harm to the minor shall remain in effect pending the outcome of the appeal.

(d)(1) No sexual offender, as defined in § 40-39-202, or violent sexual offender, as defined in § 40-39-202, shall knowingly:

(A) Be upon or remain on the premises of any building or grounds of any public school, private or parochial school, licensed day care center, other child care facility, public park, playground, recreation center or public athletic field available for use by the general public in this state when the offender has reason to believe children under eighteen (18) years of age are present;

(B) Stand, sit idly, whether or not the offender is in a vehicle, or remain within one thousand feet (1,000') of the property line of any building owned or operated by any public school, private or parochial school, licensed day care center, other child care facility, public park, playground, recreation center or public athletic field available for use by the general public in this state when children under eighteen (18) years of age are present, while not having a reason or relationship involving custody of or responsibility for a child or any other specific or legitimate reason for being there; or

(C) Be in any conveyance owned, leased or contracted by a school, licensed day care center, other child care facility or recreation center to transport students to or from school, day care, child care, or a recreation center or any related activity thereof when children under eighteen (18) years of age are present in the conveyance.

(2) Subdivision (d)(1) shall not apply when the offender:

(A) Is a student in attendance at the school;

(B) Is attending a conference with school, day care, child care, park, playground or recreation center officials as a parent or legal guardian of a child who is enrolled in the school, day care center, other child care center or of a child who is a participant at the park, playground or recreation center and has received written permission or a request from the school's principal or the facility's administrator;

(C) Resides at a state licensed or certified facility for incarceration, health or convalescent care; or

(D) Is dropping off or picking up a child or children and the person is the child or children's parent or legal guardian who has provided written notice of the parent's offender status to the school's principal or a school administrator upon enrollment.

(3) The exemption provided in subdivision (d)(2)(B) shall not apply if the victim of the offender's sexual offense or violent sexual offense was a minor at the time of the offense and the victim is enrolled in the school, day care center, recreation center or other child care center that is participating in the conference or other scheduled event.

(e) Changes in the ownership or use of property within one thousand feet (1,000') of the property line of an offender's primary or secondary residence or place of employment that occur after an offender establishes residence or accepts employment shall not form the basis for finding that an offender is in violation of the residence restrictions of this section.

(f) A violation of this part is a Class E felony. No person violating this part shall be eligible for suspension of sentence, diversion or probation until the minimum sentence is served in its entirety.

(g)(1) The first violation of this part is punishable by a fine of not less than three hundred fifty dollars (\$350) and imprisonment for not less than ninety (90) days.

(2) A second violation of this part is punishable by a fine of not less than six hundred dollars (\$600) and imprisonment for not less than one hundred eighty (180) days.

(3) A third or subsequent violation of this part is punishable by a fine of not less than one thousand one hundred dollars (\$1,100) and imprisonment for not less than one (1) year.

(4) A violation of this part due solely to a lack of the written permission required pursuant to subdivision (d)(2) shall be punishable by fine only.

(h)(1)(A) While mandated to comply with the requirements of this part, it is an offense for three (3) or more sexual offenders, as defined in § 40-39-202, or violent sexual offenders, as defined in § 40-39-202, or a combination thereof, to establish a primary or secondary residence together or inhabit the same primary or secondary residence at the same time.

(B) Each sexual offender or violent sexual offender who establishes or inhabits a primary or secondary residence in violation of subdivision (h)(1)(A) commits a violation of this section.

(C) Subdivision (h)(1)(A) shall not apply if the residence is located on property that is, according to the relevant local, county, or municipal zoning law, zoned for a use other than residential or mixed-use.

(2)(A) No person, corporation, or other entity shall knowingly permit three (3) or more sexual offenders, as defined in § 40-39-202, violent sexual offenders, as defined in § 40-39-202, or a combination thereof, while such offenders are mandated to comply with the requirements of this part, to establish a primary or secondary residence in any house, apartment or other habitation, as defined by § 39-14-401(1)(A), owned or under the control of such person, corporation, or entity.

(B) Subdivision (h)(2)(A) shall not apply if the residence is located on property that is, according to the relevant local, county, or municipal zoning law, zoned for a use other than residential or mixed-use.

(3) This subsection (h) shall not apply to any residential treatment facility in which more than three (3) sexual offenders, as defined in § 40-39-202, violent sexual offenders, as defined in § 40-39-202, or combination thereof, reside following sentencing to such facility by a court or placement in such facility by the board of parole for the purpose of in-house sexual offender

treatment; provided, the treatment facility complies with the guidelines and standards for the treatment of sexual offenders established by the sex offender treatment board pursuant to § 39-13-704.

(i) The restrictions set out in subsections (a)-(d) and (k) shall not apply to a violent juvenile sexual offender required to register under this part unless otherwise ordered by a court of competent jurisdiction.

(j) Notwithstanding any law to the contrary, a violent juvenile sexual offender who knowingly violates this section commits a delinquent act as defined by the juvenile code.

(k)(1) As used in this subsection (k), unless the context otherwise requires:

(A)(i) “Alone with” means one (1) or more offenders covered by this subsection (k) is in the presence of a minor or minors in a private area; and

(a) There is no other adult present in the area;

(b) There is another adult present in the area but the adult is asleep, unconscious, or otherwise unable to observe the offender and the minor or minors;

(c) There is another adult present in the area but the adult present is unable or unwilling to come to the aid of the minor or minors or contact the proper authorities, if necessary; or

(d) There is another adult present in the area but the adult is also a sexual offender or violent sexual offender mandated to comply with the requirements of this part;

(ii) If the offender is in a private area where the offender has the right to be, the offender is not “alone with” a minor or minors if the offender is engaged in an otherwise lawful activity and the presence of the minor or minors is incidental, accidental, or otherwise unrelated to the offender's lawful activity; and

(B)(i) “Private area” means in or on any real or personal property, regardless of ownership, where the conduct of the offender is not readily observable by anyone but the minor or minors alone with the offender;

(ii) If the private area contains multiple rooms, such as a hotel, motel, or other place of temporary lodging, any room, rooms, or other area that the offender occupies with a minor or minors and that otherwise meets the requirements of this definition shall be considered a private area.

(2) Unless otherwise permitted by subsection (c), while mandated to comply with the requirements of this part, no sexual offender, as defined in § 40-39-202, or violent sexual offender, as defined in § 40-39-202, shall be alone with a minor or minors in a private area.

Subchapter A. General Provisions

Vernon's Ann.Texas C.C.P. Art. 62.007

Art. 62.007. Risk Assessment Review Committee; Sex Offender Screening Tool

Currentness

(a) The Texas Department of Criminal Justice shall establish a risk assessment review committee composed of at least seven members, each of whom serves on the review committee in addition to the member's other employment-related duties. The review committee, to the extent feasible, must include at least:

- (1) one member having experience in law enforcement;
- (2) one member having experience working with juvenile sex offenders;
- (3) one member having experience as a sex offender treatment provider;
- (4) one member having experience working with victims of sex offenses;
- (5) the executive director of the Council on Sex Offender Treatment; and
- (6) one sex offender treatment provider registered under Chapter 110, Occupations Code, and selected by the executive director of the Council on Sex Offender Treatment to serve on the review committee.

(b) The risk assessment review committee functions in an oversight capacity. The committee shall:

- (1) develop or select, from among existing tools or from any tool recommended by the Council on Sex Offender Treatment, a sex offender screening tool to be used in determining the level of risk of a person subject to registration under this chapter;
- (2) ensure that staff is trained on the use of the screening tool;
- (3) monitor the use of the screening tool in the state; and

(4) analyze other screening tools as they become available and revise or replace the existing screening tool if warranted.

(c) The sex offender screening tool must use an objective point system under which a person is assigned a designated number of points for each of various factors. In developing or selecting the sex offender screening tool, the risk assessment review committee shall use or shall select a screening tool that may be adapted to use the following general guidelines:

(1) level one (low): a designated range of points on the sex offender screening tool indicating that the person poses a low danger to the community and will not likely engage in criminal sexual conduct;

(2) level two (moderate): a designated range of points on the sex offender screening tool indicating that the person poses a moderate danger to the community and might continue to engage in criminal sexual conduct; and

(3) level three (high): a designated range of points on the sex offender screening tool indicating that the person poses a serious danger to the community and will continue to engage in criminal sexual conduct.

(d) The risk assessment review committee, the Texas Department of Criminal Justice, the Texas Juvenile Justice Department, or a court may override a risk level only if the entity:

(1) believes that the risk level assessed is not an accurate prediction of the risk the offender poses to the community; and

(2) documents the reason for the override in the offender's case file.

(e) Records and files, including records that have been sealed under Chapter 58, Family Code, relating to a person for whom a court, the Texas Department of Criminal Justice, or the Texas Juvenile Justice Department is required under this article to determine a level of risk shall be released to the court, the Texas Department of Criminal Justice, or the Texas Juvenile Justice Department, as appropriate, for the purpose of determining the person's risk level.

(f) Chapter 551, Government Code, does not apply to a meeting of the risk assessment review committee.

(g) The numeric risk level assigned to a person using the sex offender screening tool described by this article is not confidential and is subject to disclosure under Chapter 552, Government Code.

If the person does not reside or intend to reside in a municipality, the person shall register or verify registration in any county where the person resides or intends to reside for more than seven days. The person shall satisfy the requirements of this subsection not later than the later of:

 - (B) Section 20A.03, Penal Code, if based partly or wholly on conduct that constitutes an offense under Section 20A.02(a)(3), (4), (7), or (8) of that code; and
 - (9) any other information required by the department.
- (d) The registration form must contain a statement and description of any registration duties the person has or may have under this chapter.
- (e) Not later than the third day after the registration of a person, the local law enforcement authority with whom the person is registered shall send a copy of the registration form to the department and, if the person resides on the campus of a public or private institution of higher education, to any authority for campus security for that institution.

The local law enforcement authority shall immediately provide notice to the superintendent of the public school district and to the administrator of any private primary or secondary school located in the public school district in which the person subject to registration intends to reside by mail to the office of the superintendent or administrator, as appropriate, in accordance with Article 62.054. Currentness

(a) A person is subject to this subchapter and, except as otherwise provided by this article, to the other subchapters of this chapter if the person:

(1) has a reportable conviction or adjudication;

(2) resides in another state; and

(3) is employed, carries on a vocation, or is a student in this state.

(b) A person described by Subsection (a) is subject to the registration and verification requirements of Articles 62.051 and 62.058 and to the change of address requirements of Article 62.055, except that the registration and verification and the reporting of a change of address are based on the municipality or county in which the person works or attends school. The person is subject to the school notification requirements of Articles 62.053-62.055, except that notice provided to the superintendent and any administrator is based on the public school district in which the person works or attends school.

(c) A person described by Subsection (a) is not subject to Article 62.101.

(d) The duty to register for a person described by Subsection (a) ends when the person no longer works or studies in this state, provides notice of that fact to the local law enforcement authority in the municipality or county in which the person works or attends school, and receives notice of verification of that fact from the authority. The authority must verify that the person no longer works or studies in this state and must provide to the person notice of that verification within a reasonable time.

(e) Notwithstanding Subsection (a), this article does not apply to a person who has a reportable conviction or adjudication, who resides in another state, and who is employed, carries on a vocation, or is a student in this state if the person establishes another residence in this state to work or attend school in this state. However, that person remains subject to the other articles of this chapter based on that person's residence in this state.

Currentness

(a) If eligible under Subsection (b) or (c), a person required to register under this chapter may petition the court having jurisdiction over the case for an order exempting the person from registration under this chapter at any time on or after the date of the person's sentencing or the date the person is placed on deferred adjudication community supervision, as applicable.

(b) A person is eligible to petition the court as described by Subsection (a) if:

(1) the person is required to register only as a result of a single reportable conviction or adjudication, other than an adjudication of delinquent conduct; and

(2) the court has entered in the appropriate judgment or has filed with the appropriate papers a statement of an affirmative finding described by Article 42.017 or 42A.105(c).

(c) A defendant who before September 1, 2011, is convicted of or placed on deferred adjudication community supervision for an offense under Section 21.11 or 22.011, Penal Code, is eligible to petition the court as described by Subsection (a). The court may consider the petition only if the petition states and the court finds that the defendant would have been entitled to the entry of an affirmative finding under Article 42.017 or 42A.105(c), as appropriate, had the conviction or placement on deferred adjudication community supervision occurred after September 1, 2011.

(c-1) At a hearing on the petition described by Subsection (a), the court may consider:

(1) testimony from the victim or intended victim, or a member of the victim's or intended victim's family, concerning the requested exemption;

(2) the relationship between the victim or intended victim and the petitioner at the time of the hearing; and

(3) any other evidence that the court determines is relevant and admissible.

(d) After a hearing on the petition described by Subsection (a), the court may issue an order exempting the person from registration under this chapter if it appears by a preponderance of the evidence that:

(1) the exemption does not threaten public safety;

(2) the person's conduct did not occur without the consent of the victim or intended victim as described by Section 22.011(b), Penal Code;

(3) the exemption is in the best interest of the victim or intended victim; and

(4) the exemption is in the best interest of justice.

(e) An order exempting the person from registration under this chapter does not expire, but the court shall withdraw the order if after the order is issued the person receives a reportable conviction or adjudication under this chapter.

(a) The court shall enter an order exempting a respondent from registration under this chapter if the court determines:

(1) that the protection of the public would not be increased by registration of the respondent under this chapter; or

(2) that any potential increase in protection of the public resulting from registration of the respondent is clearly outweighed by the anticipated substantial harm to the respondent and the respondent's family that would result from registration under this chapter.

(b) After a hearing under Article 62.351 or under a plea agreement described by Article 62.355(b), the juvenile court may enter an order:

(1) deferring decision on requiring registration under this chapter until the respondent has completed treatment for the respondent's sexual offense as a condition of probation or while committed to the Texas Juvenile Justice Department; or

(2) requiring the respondent to register as a sex offender but providing that the registration information is not public information and is restricted to use by law enforcement and criminal justice agencies, the Council on Sex Offender Treatment, and public or private institutions of higher education.

(c) If the court enters an order described by Subsection (b)(1), the court retains discretion and jurisdiction to require, or exempt the respondent from, registration under this chapter at any time during the treatment or on the successful or unsuccessful completion of treatment, except that during the period of deferral, registration may not be required. Following successful completion of treatment, the respondent is exempted from registration under this chapter unless a hearing under this subchapter is held on motion of the prosecuting attorney, regardless of whether the respondent is 18 years of age or older, and the court determines the interests of the public require registration. Art. 62.353. Motion, Hearing, and Order Concerning Person Already Registered

Currentness

(a) A person who has registered as a sex offender for an adjudication of delinquent conduct, regardless of when the delinquent conduct or the adjudication for the conduct occurred, may file a motion in the adjudicating juvenile court for a hearing seeking:

(1) exemption from registration under this chapter as provided by Article 62.351; or

(2) an order under Article 62.352(b)(2) that the registration become nonpublic.

Notice of the motion shall be provided to the prosecuting attorney. A hearing on the motion shall be provided as in other cases under this subchapter.

(c) Only one subsequent motion may be filed under Subsection (a) if a previous motion under this article has been filed concerning the case.

(d) To the extent feasible, the motion under Subsection (a) shall identify those public and private agencies and organizations, including public or private institutions of higher education, that possess sex offender registration information about the case.

(e) The juvenile court, after a hearing, may:

(1) deny a motion filed under Subsection (a);

(2) grant a motion described by Subsection (a)(1); or

(3) grant a motion described by Subsection (a)(2).

(f) If the court grants a motion filed under Subsection (a), the clerk of the court shall by certified mail, return receipt requested, send a copy of the order to the department, to each local law enforcement authority that the person has proved to the juvenile

court has registration information about the person, and to each public or private agency or organization that the person has proved to the juvenile court has information about the person that is currently available to the public with or without payment of a fee. The clerk of the court shall by certified mail, return receipt requested, send a copy of the order to any other agency or organization designated by the person. The person shall identify the agency or organization and its address and pay a fee of \$20 to the court for each agency or organization the person designates.

(g) In addition to disseminating the order under Subsection (f), at the request of the person, the clerk of the court shall by certified mail, return receipt requested, send a copy of the order to each public or private agency or organization that at any time following the initial dissemination of the order under Subsection (f) gains possession of sex offender registration information pertaining to that person, if the agency or organization did not otherwise receive a copy of the order under Subsection (f).

(h) An order under Subsection (f) must require the recipient to conform its records to the court's order either by deleting the sex offender registration information or changing its status to nonpublic, as applicable. A public or private institution of higher education may not be required to delete the sex offender registration information under this subsection.

(i) A private agency or organization that possesses sex offender registration information the agency or organization obtained from a state, county, or local governmental entity is required to conform the agency's or organization's records to the court's order on or before the 30th day after the date of the entry of the order. Unless the agency or organization is a public or private institution of higher education, failure to comply in that period automatically bars the agency or organization from obtaining sex offender registration information from any state, county, or local governmental entity in this state in the future.

13 V.S.A. § 5405

§ 5405. Court determination of sexually violent predators

Currentness

- (a) The General Assembly finds that some sexual offenders should be subject to increased sex offender registry and community notification procedures. It is the intent of the General Assembly that State's Attorneys utilize the provisions in this section to petition the court to designate those offenders who pose a greater risk to the public as sexually violent predators to ensure that those offenders will be required to register as sex offenders for life, and that they will be among those offenders who are included on the State's Internet Sex Offender Registry.
- (b) Within 15 days after the conviction of a sex offender, the State may file a petition with the court requesting that the person be designated as a sexually violent predator.
- (c) The determination of whether a person is a sexually violent predator shall be made by the court at the time of sentencing.
- (d) The court shall order a presentence investigation that shall include a psychosexual evaluation of the offender.
- (e) In making a determination of whether the person is a sexually violent predator, the court shall examine the following:
- (1) the person's criminal history;
 - (2) any testimony presented at trial, including expert testimony as to the person's mental state;
 - (3) the person's history of treatment for a personality disorder or mental abnormality connected with his or her criminal sexual behavior;
 - (4) any mitigating evidence, including treatment history, evidence of modified behavior, or expert testimony, that the convicted sex offender wishes to provide to the court prior to the determination; and
 - (5) any other relevant evidence.

(f) The standard of proof when the court makes such a determination shall be clear and convincing evidence that the convicted sex offender suffers from a mental abnormality or personality disorder that makes the person likely to engage in predatory sexually violent offenses.

(g) The court shall determine whether the offender was eligible to be charged as a habitual offender as provided in section 11 of this title or a violent career criminal as provided in section 11a of this title and shall make findings as to such.

(h) After making its determinations, the court shall issue a written decision explaining the reasons for its determinations and provide a copy of the decision to the Department within 14 days.

(i) A person who is determined to be a sexually violent predator shall be subject to sex offender lifetime registration and community notification and inclusion on the Internet Sex Offender Registry as provided in this subchapter.

§ 5407. Sex offender's responsibility to report

Currentness

(a) Except as provided in section 5411d of this title, a sex offender shall report to the Department as follows:

(1) if convicted of a registry offense in another state, within 10 days after either establishing residence in this State or crossing into this State for purposes of employment, carrying on a vocation, or being a student, the sex offender shall provide the information listed in subsection 5403(a) of this title;

(2) annually within 10 days after the registrant's birthday, or if a person is determined to be a sexually violent predator, that person shall report to the Department every 90 days;

(3) within three days after any change of address, or if a person is designated as a high-risk sex offender pursuant to section 5411b of this title, that person shall report to the Department within 36 hours, and shall report whether a child under the age of 18 resides at such address;

(4) within three days after the registrant enrolls in or separates from any postsecondary educational institution;

(6) within three days of any name change;

(7) within three days of a child under 18 years of age moving into the residence of the registrant;

(9) prior to the offender's scheduled release date from a correctional facility to the community and if the offender is not subject to probation, furlough, or a community sentence upon release that requires supervision by the Department of Corrections.

(b) If a sex offender changes residence to another state, or crosses into another state for purposes of employment, carrying on a vocation, or being a student, the sex offender shall notify the Department of the new address and shall also register with the

designated law enforcement agency in the new state not later than three days after establishing residence in the new state, if the new state has a registration requirement.

(c) Upon a sex offender's change of residence to another state, the Department shall immediately notify the designated law enforcement agency in the new state, if the new state has a registration requirement.

(d) The report required by this section shall include the information required by sections 5403 and 5404 of this chapter.

(e) Except as provided for in subsection (f) of this section, a person required to register as a sex offender under this subchapter shall continue to comply with this section, except during periods of incarceration, until 10 years have elapsed since the person was released from prison or discharged from parole, supervised release, or probation, whichever is later. The 10-year period shall not be affected or reduced in any way by the actual duration of the offender's sentence as imposed by the court, nor shall it be reduced by the sex offender's release on parole or ending of probation or other early release.

(f) A person required to register as a sex offender under this subchapter shall continue to comply with this section for the life of that person, except during periods of incarceration, if that person:

(1) has at least one prior conviction for an offense described in subdivision 5401(10) of this subchapter or a comparable offense in another jurisdiction of the United States;

(g) The Department shall adopt forms and procedures for the purpose of verifying the addresses of persons required to register under this subchapter in accordance with the requirements set forth in Section (b)(3) of the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act.¹ Every 90 days for sexually violent predators and annually for other registrants, the Department shall verify addresses of registrants by sending a nonforwardable address verification form to each registrant at the address last reported by the registrant. The registrant shall be required to sign and return the form to the Department within 10 days of receipt. If the registrant's name appears on the list of address verification forms automatically generated by the Registry, it shall be deemed that the sex offender has received that form.

(h) A registrant who has no permanent address shall report to the Department to notify it as to his or her temporary residence. Temporary residence, for purposes of this section, need not include an actual dwelling or numbered street address, but shall identify a specific location. A registrant shall not be required to check in daily if he or she makes acceptable other arrangements

with the Department to keep his or her information current. The Department may enter into an agreement with a local law enforcement agency to perform this function, but shall maintain responsibility for compliance with this subsection.

Subchapter 3. Sex Offender Registration; Law Enforcement Notification (Refs & Annos)

13 V.S.A. § 5411

§ 5411. Notification to local law enforcement and local community

Currentness

(a) Upon receiving a sex offender's registration materials from the Department of Corrections, notification that a nonresident sex offender has crossed into Vermont for the purpose of employment, carrying on a vocation, or being a student, or a sex offender's release or change of address, including changes of address that involve taking up residence in this State, the Department shall immediately notify the local law enforcement agency of the following information, which may be used only for lawful law enforcement activities:

- (1) name;
- (2) general physical description;
- (3) nature of offense;
- (4) sentence;
- (5) the fact that the Registry has on file additional information, including the sex offender's photograph and fingerprints;
- (6) current employment;
- (7) name and address of any postsecondary educational institution at which the sex offender is enrolled as a student; and
- (8) whether the offender complied with treatment recommended by the Department of Corrections.

(b)(1) Except as provided for in subsections (c) and (e) of this section, the Department, the Department of Corrections, and any authorized local law enforcement agency shall release Registry information concerning persons required to register under State law if the requestor can articulate a concern about the behavior of a specific person regarding the requestor's personal safety or the safety of another, or the requestor has reason to believe that a specific person may be a registered sex offender and can articulate a concern regarding the requestor's personal safety or the safety of another. However, the identity of a victim of an offense shall not be released.

(2) The Department, the Department of Corrections, and any authorized local law enforcement agency shall release the following Registry information if the requestor meets the requirements in subdivision (1) of this subsection:

- (A) a general physical description of the offender;
- (B) date of birth;
- (C) the date and nature of the offense;
- (D) whether the offender complied with treatment recommended by the Department of Corrections; and
- (E) whether there is an outstanding warrant for the offender's arrest.

(c)(1) Except as provided for in subsection (e) of this section, upon request of a member of the public about a specific person, the Department, the Department of Corrections, and any authorized local law enforcement agency shall release Registry information on sex offenders whose information is required to be posted on the Internet in accordance with section 5411a of this title.

(2) The Department, the Department of Corrections, and any authorized local law enforcement agency shall release the following Registry information to a requestor in accordance with subdivision (1) of this subsection:

- (A) the offender's known aliases;
- (B) the offender's date of birth;
- (C) a general physical description of the offender;
- (D) the offender's town of residence;
- (E) the date and nature of the offender's conviction;
- (F) if the offender is under the supervision of the Department of Corrections, the name and telephone number of the local Department of Corrections office in charge of monitoring the offender;
- (G) whether the offender complied with treatment recommended by the Department of Corrections;
- (H) whether there is an outstanding warrant for the offender's arrest; and

(I) the reason for which the offender information is accessible under subdivision (1) of this subsection.

(3)(A) The Department, the Department of Corrections, and any authorized local law enforcement agency may, at the discretion of an authorized law enforcement officer, release the current address of an offender listed in subdivision (1) of this subsection if the requestor can articulate a concern regarding the requestor's personal safety or the safety of another, and the requirements of subsection (d) of this section have been satisfied.

(B) For purposes of this subdivision, "authorized law enforcement officer" means a sheriff, a chief of police, the Commissioner of Public Safety, the State's Attorney of Essex County, or a designee. The designee shall be a certified law enforcement officer whose authority is granted or given by the sheriff, chief of police, Commissioner of Public Safety, or State's Attorney of Essex County, either through explicit order or Department policy.

(d) The Department, the Department of Corrections, and any local law enforcement agency authorized to release Registry information shall keep a log of requests for registry information and follow the procedure for verification of the requestor's identity recommended by the Department. Such log shall include the requestor's name, address, telephone number, the name of the person for whom the request was made, the reason for the request, and the date of the request. Information about requestors shall be confidential and shall only be accessible to criminal justice agencies.

(e) After 10 years have elapsed from the completion of the sentence, a person required to register as a sex offender for life pursuant to section 5407 of this title who is not designated as a noncompliant high-risk sex offender pursuant to section 5411d of this title may petition the Criminal Division of the Superior Court for a termination of community notification, including the Internet. The State shall make a reasonable attempt to notify the victim of the proceeding, and consider victim testimony regarding the petition. If the registrant was convicted of a crime that requires lifetime registration, there shall be a rebuttable presumption that the person is a high-risk sex offender. Should the registrant present evidence that he or she is not a high-risk offender, the State shall have the burden of proof to establish by a preponderance of the evidence that the person remains a high risk to reoffend. The court shall consider whether the offender has successfully completed sex offender treatment. The court may require the offender to submit to a psychosexual evaluation. If the court finds that there is a high risk of reoffense, notification shall continue. The Vermont Rules of Civil Procedure shall apply to these proceedings. A lifetime registrant may petition the court to be removed from community notification requirements once every 60 months. The presumption under this section that a lifetime registrant is a high-risk offender shall not automatically subject the offender to increased public access to his or her status as a sex offender and related information under subdivision (c)(1) of this section or section 5411a of this title.

(f) Registry information shall not be released under this section unless it is released pursuant to written protocols governing the manner and circumstances of the release developed by the Department, the Department of Corrections, or an authorized law enforcement agency. The protocols shall include consultation between the department or agency releasing the information and the Department of Corrections' staff member responsible for supervising the offender.

- (e) Information regarding a sex offender shall not be posted electronically if the conduct that is the basis for the offense is criminal only because of the age of the victim and the perpetrator is within 38 months of age of the victim.
- (f) Information regarding a sex offender shall not be posted electronically prior to the offender reaching 18 years of age, but such information shall be otherwise available pursuant to section 5411 of this title.
- (g) Information on sex offenders shall be posted on the Internet for the duration of time for which they are subject to notification requirements under section 5401 et seq. of this title.
- (h) Posting of the information shall include the following language: "This information is made available for the purpose of complying with 13 V.S.A. § 5401 et seq., which requires the Department of Public Safety to establish and maintain a Registry of persons who are required to register as sex offenders and to post electronically information on sex offenders. The Registry is based on the Legislature's decision to facilitate access to publicly available information about persons convicted of sexual offenses. EXCEPT FOR OFFENDERS SPECIFICALLY DESIGNATED ON THIS SITE AS HIGH-RISK, THE DEPARTMENT OF PUBLIC SAFETY HAS NOT CONSIDERED OR ASSESSED THE SPECIFIC RISK OF REOFFENSE WITH REGARD TO ANY INDIVIDUAL PRIOR TO HIS OR HER INCLUSION WITHIN THIS REGISTRY AND HAS MADE NO DETERMINATION THAT ANY INDIVIDUAL INCLUDED IN THE REGISTRY IS CURRENTLY DANGEROUS. THE MAIN PURPOSE OF PROVIDING THIS DATA ON THE INTERNET IS TO MAKE INFORMATION MORE EASILY AVAILABLE AND ACCESSIBLE, NOT TO WARN ABOUT ANY SPECIFIC INDIVIDUAL. IF YOU HAVE QUESTIONS OR CONCERNS ABOUT A PERSON WHO IS NOT LISTED ON THIS SITE OR YOU HAVE QUESTIONS ABOUT SEX OFFENDER INFORMATION LISTED ON THIS SITE, PLEASE CONTACT THE DEPARTMENT OF PUBLIC SAFETY OR YOUR LOCAL LAW ENFORCEMENT AGENCY. PLEASE BE AWARE THAT MANY NONOFFENDERS SHARE A NAME WITH A REGISTERED SEX OFFENDER. Any person who uses information in this Registry to injure, harass, or commit a criminal offense against any person included in the Registry or any other person is subject to criminal prosecution."
- (i) The Department shall post electronically general information about the Sex Offender Registry and how the public may access Registry information. Electronically posted information regarding sex offenders listed in subsection (a) of this section shall be organized and available to search by the sex offender's name and the sex offender's county, city, or town of residence.

(j) The Department shall adopt rules for the administration of this section and shall expedite the process for the adoption of such rules. The Department shall not implement this section prior to the adoption of such rules.

(k) If a sex offender's information is required to be posted electronically pursuant to subdivision (a)(2) of this section, the Department shall list the offender's convictions for any crime listed in subdivision 5401(10) of this title, regardless of the date of the conviction or whether the offender was required to register as a sex offender based upon that conviction.

(l) A sex offender's street address shall not be posted electronically if the offender has a developmental disability, receives funding from the Department of Disabilities, Aging, and Independent Living (DAIL) for 24-hour supervision and treatment, and resides in a residence that is equipped with alarms. However, this information shall be otherwise available pursuant to this section. An agency designated pursuant to 18 V.S.A. § 8907 to provide mental health and developmental disability services (DA), or a specialized service agency (SSA) operating under an agreement entered into pursuant to 18 V.S.A. § 8912 that is providing supervision for the offender shall immediately notify the administrator of the Sex Offender Registry and local law enforcement if the individual's level of supervision is decreased from 24 hours or if the offender leaves his or her residence without authorization, and thereafter this subsection shall cease to apply to that offender. If after notice and hearing, the Commissioner of DAIL finds that the DA or SSA has failed to notify the administrator of the Sex Offender Registry and local law enforcement of a decrease from 24-hour supervision or absence without authorization by the offender within 24 hours of the change in status, the Commissioner may impose an administrative penalty of not more than \$1,000.00 for each day of the violation. A DA or SSA shall have the right to a de novo appeal of a decision under this subsection pursuant to Rule 75 of the Vermont Rules of Civil Procedure.

(m) Information regarding a sex offender whose sentence is deferred shall not be posted electronically unless the offender violates the terms of the deferred sentence agreement and is sentenced on the conviction.

(7) the date and nature of the offender's conviction;

(8) if the offender is under the supervision of the Department of Corrections, the name and telephone number of the local Department of Corrections office in charge of monitoring the sex offender;

(9) whether the offender complied with treatment recommended by the Department of Corrections;

(10) a statement that there is an outstanding warrant for the offender's arrest, if applicable; and

(11) the reason for which the offender information is accessible under this section.

(12) whether the offender has been designated high risk by the Department of Corrections pursuant to section 5411b of this title; and

(13) if the offender has not been subject to a risk assessment, a statement that the offender has not been so assessed and that such a person is presumed to be high risk, provided that the Department of Corrections shall permit a person subject to this subdivision to obtain a risk assessment at the person's own expense.

(c) The Department shall have the authority to take necessary steps to obtain digital photographs of offenders whose information is required to be posted on the Internet and to update photographs as necessary. An offender shall annually report to the Department or a local law enforcement agency for the purpose of being photographed for the Internet.

(d) The identity of a victim of an offense that requires registration shall not be released.

(e) Information regarding a sex offender shall not be posted electronically if the conduct that is the basis for the offense is criminal only because of the age of the victim and the perpetrator is within 38 months of age of the victim.

(f) Information regarding a sex offender shall not be posted electronically prior to the offender reaching 18 years of age, but such information shall be otherwise available pursuant to section 5411 of this title.

(g) Information on sex offenders shall be posted on the Internet for the duration of time for which they are subject to notification requirements under section 5401 et seq. of this title.

(h) Posting of the information shall include the following language: "This information is made available for the purpose of complying with 13 V.S.A. § 5401 et seq., which requires the Department of Public Safety to establish and maintain a

Registry of persons who are required to register as sex offenders and to post electronically information on sex offenders. The Registry is based on the Legislature's decision to facilitate access to publicly available information about persons convicted of sexual offenses. EXCEPT FOR OFFENDERS SPECIFICALLY DESIGNATED ON THIS SITE AS HIGH-RISK, THE DEPARTMENT OF PUBLIC SAFETY HAS NOT CONSIDERED OR ASSESSED THE SPECIFIC RISK OF REOFFENSE WITH REGARD TO ANY INDIVIDUAL PRIOR TO HIS OR HER INCLUSION WITHIN THIS REGISTRY AND HAS MADE NO DETERMINATION THAT ANY INDIVIDUAL INCLUDED IN THE REGISTRY IS CURRENTLY DANGEROUS. THE MAIN PURPOSE OF PROVIDING THIS DATA ON THE INTERNET IS TO MAKE INFORMATION MORE EASILY AVAILABLE AND ACCESSIBLE, NOT TO WARN ABOUT ANY SPECIFIC INDIVIDUAL. IF YOU HAVE QUESTIONS OR CONCERNS ABOUT A PERSON WHO IS NOT LISTED ON THIS SITE OR YOU HAVE QUESTIONS ABOUT SEX OFFENDER INFORMATION LISTED ON THIS SITE, PLEASE CONTACT THE DEPARTMENT OF PUBLIC SAFETY OR YOUR LOCAL LAW ENFORCEMENT AGENCY. PLEASE BE AWARE THAT MANY NONOFFENDERS SHARE A NAME WITH A REGISTERED SEX OFFENDER. Any person who uses information in this Registry to injure, harass, or commit a criminal offense against any person included in the Registry or any other person is subject to criminal prosecution.”

(i) The Department shall post electronically general information about the Sex Offender Registry and how the public may access Registry information. Electronically posted information regarding sex offenders listed in subsection (a) of this section shall be organized and available to search by the sex offender's name and the sex offender's county, city, or town of residence.

(j) The Department shall adopt rules for the administration of this section and shall expedite the process for the adoption of such rules. The Department shall not implement this section prior to the adoption of such rules.

(k) If a sex offender's information is required to be posted electronically pursuant to subdivision (a)(2) of this section, the Department shall list the offender's convictions for any crime listed in subdivision 5401(10) of this title, regardless of the date of the conviction or whether the offender was required to register as a sex offender based upon that conviction.

(l) A sex offender's street address shall not be posted electronically if the offender has a developmental disability, receives funding from the Department of Disabilities, Aging, and Independent Living (DAIL) for 24-hour supervision and treatment, and resides in a residence that is equipped with alarms. However, this information shall be otherwise available pursuant to this section. An agency designated pursuant to 18 V.S.A. § 8907 to provide mental health and developmental disability services (DA), or a specialized service agency (SSA) operating under an agreement entered into pursuant to 18 V.S.A. § 8912 that is providing supervision for the offender shall immediately notify the administrator of the Sex Offender Registry and local law enforcement if the individual's level of supervision is decreased from 24 hours or if the offender leaves his or her residence without authorization, and thereafter this subsection shall cease to apply to that offender. If after notice and hearing, the Commissioner of DAIL finds that the DA or SSA has failed to notify the administrator of the Sex Offender Registry and local law enforcement of a decrease from 24-hour supervision or absence without authorization by the offender within 24 hours of the change in status, the Commissioner may impose an administrative penalty of not more than \$1,000.00 for each day of the violation. A DA or SSA shall have the right to a de novo appeal of a decision under this subsection pursuant to Rule 75 of the Vermont Rules of Civil Procedure.

(m) Information regarding a sex offender whose sentence is deferred shall not be posted electronically unless the offender violates the terms of the deferred sentence agreement and is sentenced on the conviction.

13 V.S.A. § 5411d

§ 5411d. Designation of noncompliant high-risk sex offender

Currentness

(a) Prior to releasing a person from total confinement, the Department of Corrections shall designate the person as a noncompliant high-risk sex offender if the person meets all of the following criteria:

(1) is incarcerated on or after June 7, 2007 for lewd and lascivious conduct with a child as defined in section 2602 of this title, sexual assault as defined in section 3252 of this title, aggravated sexual assault as defined in section 3253 of this title, or any attempt to commit a crime listed herein, or a comparable offense in another jurisdiction of the United States;

(2) is not subject to indeterminate life sentences under section 3271 of this title;

(3) is designated as a high risk sex offender pursuant to section 5411b of this title; and

(4) is noncompliant with sex offender treatment as defined by Department of Corrections' directives.

(b) Noncompliant high-risk sex offenders shall report to the Department as follows:

(1) In person, within 15 days from the date of release from Department of Corrections' supervision, and within every 30 days thereafter.

(2) Prior to any change of address. However, if the change of address is unanticipated, the offender shall report within one day of the change of address.

(3) Prior to enrollment in or separation from any postsecondary educational institution. However, if the change in school status is unanticipated, the offender shall report within one day of the change.

(4) Within one day of any change in a place of employment.

(c) In addition to the Registry information required in section 5403 of this title, a noncompliant high-risk sex offender shall provide the Department with the make, model, color, registration, and license plate number of any vehicle the person operates

prior to operation. An offender found in operation of a vehicle not on the list provided to the Department shall be considered to be in violation of this subsection.

(d) The Department shall arrange for the noncompliant high-risk sex offender to have his or her digital photograph updated annually for purposes of the electronic Registry as provided in section 5411a of this title. An offender who is requested by the Department to report to the Department or a local law enforcement agency for the purpose of being photographed for the Internet Registry shall comply with the request within 30 days.

(e) The Department shall conduct periodic unannounced Registry compliance checks on noncompliant high-risk sex offenders to verify the accuracy of Registry information. The Department may enter into an agreement with a local law enforcement agency to perform duties under this subsection and under subdivision (b)(1) of this section, but shall maintain responsibility for compliance with this subsection.

(f)(1) A noncompliant high-risk sex offender may petition the Criminal Division of the Superior Court to be relieved from the heightened Registry requirements in this section once every five years from the date of designation. The offender shall have the burden of proving by a preponderance of the evidence that he or she:

(A) no longer qualifies as a high-risk offender as defined in section 5401 of this title and rules adopted by the Department of Corrections in accordance with section 5411b of this title; and

(B) has complied with and completed sex offender treatment as provided by Department of Corrections' directives.

(2) The Vermont Rules of Civil Procedure shall apply to these proceedings.

(3) If the court finds that the offender is not high risk and has successfully completed treatment, the court shall order that the offender is no longer considered a noncompliant high risk offender and is subsequently relieved from the heightened registry requirements of this section; however, the offender shall still continue to comply with Sex Offender Registry and other requirements as provided elsewhere in this subchapter.

(g)(1) A noncompliant high-risk sex offender who knowingly fails to comply with any of the Registry requirements under this section shall be imprisoned for not less than five years and a maximum term of life and, in addition, may be fined not more than \$50,000.00. A sentence may be suspended in whole or in part, or the person may be eligible for parole or release on conditional reentry or furlough, provided the person is subject to intensive supervision by the Department of Corrections.

(2) In a criminal proceeding for violating any of the Registry requirements under this section, a defendant shall be prohibited from challenging his or her status as a noncompliant high-risk sex offender.

B. “Tier I offense” as defined in this section, “Tier II offense” as defined in this section, “Tier III offense” as defined in this section, and “murder” as defined in this section includes any similar offense under the laws of any foreign country or any political subdivision thereof or the United States or any political subdivision thereof.

C. 1. Any offense under the laws of any foreign country or any political subdivision thereof or the United States or any political subdivision thereof that is similar to (i) any Tier I, II, or III offense or (ii) murder as defined in this section shall require registration and reregistration in accordance with this chapter in a manner consistent with the registration and reregistration obligations imposed by the similar offense listed or defined in this section, unless such offense requires more stringent registration and reregistration obligations under the laws of the jurisdiction where the offender was convicted. In instances where more stringent registration and reregistration obligations are required under the laws of the jurisdiction where the offender was convicted, the offender shall register and reregister as required by this chapter in a manner most similar with the registration obligations imposed under the laws of the jurisdiction where the offender was convicted.

2. Any offense for which registration in a sex offender and crimes against minors registry is required under the laws of the jurisdiction where the offender was convicted shall require registration and reregistration in accordance with this chapter in the manner most similar with the registration and reregistration obligations imposed under the laws of the jurisdiction where the offender was convicted unless such offense is similar to (i) any Tier I, II, or III offense or (ii) murder as defined in this section and the registration and reregistration obligations imposed by the similar offense listed or defined in this section are more stringent than those registration and reregistration obligations imposed under the laws of the jurisdiction where the offender was convicted. D. Juveniles adjudicated delinquent shall not be required to register; however, where the offender is a juvenile over the age of 13 at the time of the offense who is tried as a juvenile and is adjudicated delinquent on or after July 1, 2005, of any offense for which registration is required, the court may, in its discretion and upon motion of the attorney for the Commonwealth, find that the circumstances of the offense require offender registration. In making its determination, the court shall consider all of the following factors that are relevant to the case: (i) the degree to which the delinquent act was committed with the use of force, threat, or intimidation, (ii) the age and maturity of the complaining witness, (iii) the age and maturity of the offender, (iv) the difference in the ages of the complaining witness and the offender, (v) the nature of the relationship between the complaining witness and the offender, (vi) the offender's prior criminal history, and (vii) any other aggravating or mitigating factors relevant to the case. The attorney for the Commonwealth may file such a motion at any time during which the offender is within the jurisdiction of the court for the offense that is the basis for such motion. Prior to any hearing on such motion, the court shall appoint a qualified and competent attorney-at-law to represent the offender unless an attorney has been retained and appears on behalf of the offender or counsel has already been appointed.

E. Prior to entering judgment of conviction of an offense for which registration is required if the victim of the offense was a minor, physically helpless, or mentally incapacitated, when the indictment, warrant, or information does not allege that the victim of the offense was a minor, physically helpless, or mentally incapacitated, the court shall determine by a preponderance of the evidence whether the victim of the offense was a minor, physically helpless, or mentally incapacitated, as defined in § 18.2-67.10, and shall also determine the age of the victim at the time of the offense if it determines the victim to be a minor. When such a determination is required, the court shall advise the defendant of its determination and of the defendant's right to make a motion to withdraw a plea of guilty or nolo contendere pursuant to § 19.2-296. If the court grants the defendant's motion to withdraw his plea of guilty or of nolo contendere, his case shall be heard by another judge, unless the parties agree otherwise. Failure to make such determination or so advise the defendant does not otherwise invalidate the underlying conviction.

A. Whenever it appears from the records of the State Police that a person has failed to comply with the duty to register, reregister, or verify his registration information, the State Police shall promptly investigate and, if there is probable cause to believe a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person last registered, reregistered, or verified his registration information or, if the person failed to comply with the duty to register, in the jurisdiction in which the person was last convicted of an offense for which registration or reregistration is required or if the person was convicted of an offense requiring registration outside the Commonwealth, in the jurisdiction in which the person resides. The State Police shall forward to the jurisdiction an affidavit signed by a custodian of the records that such person failed to comply with the duty to register, reregister, or verify his registration information. If such affidavit is admitted into evidence, it shall constitute prima facie evidence of the failure to comply with the duty to register, reregister, or verify his registration information in any trial or hearing for the violation of § 18.2-472.1, provided that in a trial or hearing other than a preliminary hearing, the requirements of subsection G of § 18.2-472.1 have been satisfied and the accused has not objected to the admission of the affidavit pursuant to subsection H of § 18.2-472.1. The State Police shall also promptly notify the local law-enforcement agency of the jurisdiction of the person's last known residence as shown in the records of the State Police.

B. Nothing in this section shall prohibit a law-enforcement officer employed by a sheriff's office or police department of a locality from enforcing the provisions of this chapter, including obtaining a warrant, or assisting in obtaining an indictment for a violation of § 18.2-472.1. The local law-enforcement agency shall notify the State Police forthwith of such actions taken pursuant to this chapter or under the authority granted pursuant to this section.

C. The State Police shall physically verify or cause to be physically verified the registration information within 30 days of the initial registration and semiannually each year thereafter and within 30 days of a change of address of those persons who are not under the control of the Department of Corrections or community supervision as defined by § 53.1-1, who are required to register pursuant to this chapter. Whenever it appears that a person has provided false registration information, the State Police shall promptly investigate and, if there is probable cause to believe that a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person last registered, reregistered, or verified his registration information. The State Police shall forward to the jurisdiction an affidavit signed by a custodian of the records that such person failed to comply with the provisions of this chapter. If such affidavit is admitted into evidence, it shall constitute prima facie evidence of the failure to comply with the provisions of this chapter in any trial or hearing for the violation of § 18.2-472.1, provided that in a trial or hearing other than a preliminary hearing, the requirements of subsection G of § 18.2-472.1 have been satisfied and the accused has not objected to the admission of the affidavit pursuant to subsection H of § 18.2-472.1. The State Police shall also promptly notify the local law-enforcement agency of the jurisdiction of the person's last known residence as shown in the records of the State Police.

D. The Department of Corrections or community supervision as defined by § 53.1-1 shall physically verify or cause to be physically verified by the State Police the registration information within 30 days of the original registration and semiannually

each year thereafter and within 30 days of a change of address of all persons who are under the control of the Department of Corrections or community supervision, and those who are under supervision pursuant to § 37.2-919, who are required to register pursuant to this chapter. The Department of Corrections or community supervision, upon request, shall provide the State Police the verification information, in an electronic format approved by the State Police, regarding persons under their control who are required to register pursuant to the chapter. Whenever it appears that a person has provided false registration information, the Department of Corrections or community supervision shall promptly notify the State Police, who shall investigate and, if there is probable cause to believe that a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person last registered, reregistered, or verified his registration information. The State Police shall forward to the jurisdiction an affidavit signed by a custodian of the records that such person failed to comply with the provisions of this chapter. If such affidavit is admitted into evidence, it shall constitute prima facie evidence of the failure to comply with the provisions of this chapter in any trial or hearing for the violation of § 18.2-472.1, provided that in a trial or hearing other than a preliminary hearing, the requirements of subsection G of § 18.2-472.1 have been satisfied and the accused has not objected to the admission of the affidavit pursuant to subsection H of § 18.2-472.1. The State Police shall also promptly notify the local law-enforcement agency of the jurisdiction of the person's last known residence as shown in the records of the State Police.

Chapter 9. Sex Offender and Crimes Against Minors Registry Act (Refs & Annos)

VA Code Ann. § 9.1-909

§ 9.1-909. Relief from registration, reregistration, or verification

Currentness

A. Upon expiration of three years from the date upon which the duty to register as a Tier III offender or murderer is imposed, the person required to register may petition the court in which he was convicted or, if the conviction occurred outside of the Commonwealth, the circuit court in the jurisdiction where he currently resides, for relief from the requirement to verify his registration information four times each year at three-month intervals. After five years from the date of his last conviction for a violation of § 18.2-472.1, a Tier III offender or murderer may petition for relief from the requirement to verify his registration information every month. A person who is required to register may similarly petition the circuit court for relief from the requirement to verify his registration twice each year after five years from the date of his last conviction for a violation of § 18.2-472.1. The court shall hold a hearing on the petition, on notice to the attorney for the Commonwealth, to determine whether the person suffers from a mental abnormality or a personality disorder that makes the person a menace to the health and safety of others or significantly impairs his ability to control his sexual behavior. Prior to the hearing the court shall order a comprehensive assessment of the applicant by a panel of three certified sex offender treatment providers as defined in § 54.1-3600. A report of the assessment shall be filed with the court prior to the hearing. The costs of the assessment shall be taxed as costs of the proceeding.

If, after consideration of the report and such other evidence as may be presented at the hearing, the court finds by clear and convincing evidence that the person does not suffer from a mental abnormality or a personality disorder that makes the person a menace to the health and safety of others or significantly impairs his ability to control his sexual behavior, the petition shall be granted and the duty to verify his registration information more frequently than once a year shall be terminated. The court shall promptly notify the State Police upon entry of an order granting the petition. The person shall, however, be under a continuing duty to register annually for life. If the petition is denied, the duty to verify his registration information with the same frequency as before shall continue. A denial of a petition shall be appealable pursuant to § 17.1-405.

A petition for relief pursuant to this subsection may not be filed within three years from the date on which any previous petition for such relief was denied.

B. The duly appointed guardian of a person convicted of an offense requiring registration, reregistration, or verification of his registration information as either a Tier I, Tier II, or Tier III offender or murderer, who due to a physical condition is incapable of (i) reoffending and (ii) reregistering or verifying his registration information, may petition the court in which the person was convicted for relief from the requirement to reregister or verify his registration information. The court shall hold a hearing on the petition, on notice to the attorney for the Commonwealth, to determine whether the person suffers from a physical condition that makes the person (i) no longer a menace to the health and safety of others and (ii) incapable of reregistering or verifying his registration information. Prior to the hearing the court shall order a comprehensive assessment of the applicant by at least two licensed physicians other than the person's primary care physician. A report of the assessment shall be filed with the court prior to the hearing. The costs of the assessment shall be taxed as costs of the proceeding.

If, after consideration of the report and such other evidence as may be presented at the hearing, the court finds by clear and convincing evidence that due to his physical condition the person (i) no longer poses a menace to the health and safety of

others and (ii) is incapable of reregistering or verifying his registration information, the petition shall be granted and the duty to reregister or verify his registration information shall be terminated. However, for a person whose duty to reregister or verify his registration information was terminated under this subsection, the Department of State Police shall, annually for Tier I or Tier II offenders and quarterly for persons convicted of Tier III offenses and murder, verify and report to the attorney for the Commonwealth in the jurisdiction in which the person resides that the person continues to suffer from the physical condition that resulted in such termination.

The court shall promptly notify the State Police upon entry of an order granting the petition to terminate the duty to reregister.

If the petition is denied, the duty to reregister shall continue. An appeal from the denial of a petition shall be to the Court of Appeals.

A petition for relief pursuant to this subsection may not be filed within three years from the date on which any previous petition for such relief was denied.

If, at any time, the person's physical condition changes so that he is capable of reoffending, reregistering, or verifying his registration information, the attorney for the Commonwealth shall file a petition with the circuit court in the jurisdiction where the person resides and the court shall hold a hearing on the petition, with notice to the person and his guardian, to determine whether the person still suffers from a physical condition that makes the person (i) no longer a menace to the health and safety of others and (ii) incapable of reregistering or verifying his registration information. If the petition is granted, the duty to reregister shall commence from the date of the court's order. An appeal from the denial or granting of a petition shall be to the Court of Appeals. Prior to the hearing the court shall order a comprehensive assessment of the applicant by at least two licensed physicians other than the person's primary care physician. A report of the assessment shall be filed with the court prior to the hearing. The costs of the assessment shall be taxed as costs of the proceeding.

A person who is required to register for a single Tier II offense may petition the court no earlier than 25 years from the later of the date of initial registration or the date of his last conviction for (1) a violation of § 18.2-472.1 or (2) any felony.

B. A petition may not be filed until all court ordered treatment, counseling, and restitution has been completed. The court shall obtain a copy of the petitioner's complete criminal history and registration, reregistration, and verification of registration information history from the Registry and then hold a hearing on the petition at which the applicant and any interested persons may present witnesses and other evidence. The Commonwealth shall be made a party to any action under this section. If, after such hearing, the court is satisfied that such person no longer poses a risk to public safety, the court shall grant the petition. In the event the petition is not granted, the person shall wait at least 24 months from the date of the denial to file a new petition for removal from the Registry.

C. The State Police shall remove from the Registry the name of any person and all identifying information upon receipt of an order granting a petition pursuant to subsection B.

A petition may not be filed until all court ordered treatment, counseling, and restitution has been completed. The court shall obtain a copy of the petitioner's complete criminal history and then hold a hearing on the petition at which the applicant and any interested persons may present witnesses and other evidence. The Commonwealth shall be made a party to any action under this subsection. If after such a hearing, the court is satisfied that such person does not pose a risk to public safety, the court shall grant the petition. In the event the petition is not granted, the person shall wait at least 24 months from the date of denial to file a new petition for removal from the Supplement. The notice shall include the following information: (a) Name; (b) passport number and country; (c) destination; (d) itinerary details including departure and return dates; (e) means of travel; and (f) purpose of travel. If the offender subsequently cancels or postpones travel outside the United States, the offender must notify the county sheriff not later than three days after cancellation or postponement of the intended travel outside the United States or on the departure date provided in the notification, whichever is earlier. The county sheriff shall notify the United States marshals service as soon as practicable after receipt of the notification. In cases of unexpected travel due to family or work emergencies, or for offenders who travel routinely across international borders for work-related purposes, the notice must be submitted in person at least twenty-four hours prior to travel to the sheriff of the county where such offenders are registered with a written explanation of the circumstances that make compliance with this subsection (3) impracticable.

(4)(a) Offenders shall register with the county sheriff within the following deadlines:

(i) **OFFENDERS IN CUSTODY.** Sex offenders or kidnapping offenders who are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within three business days from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

When a person required to register under this section is in the custody of the state department of corrections or a local corrections or probations agency and has been approved for partial confinement as defined in RCW 9.94A.030, the person must register at the time of transfer to partial confinement with the official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county in which the offender is in partial confinement. The offender must also register within three business days from the time of the termination of partial confinement or release from confinement with the county sheriff for the county of the person's residence. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register.

(ii) **OFFENDERS UNDER FEDERAL JURISDICTION.** Sex offenders or kidnapping offenders who are in the custody of the United States bureau of prisons or other federal or military correctional agency must register within three business days from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation.

(iii) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense and kidnapping offenders who are convicted for a kidnapping offense but who are not sentenced to serve a term of confinement immediately upon sentencing shall report to the county sheriff to register within three business days of being sentenced.

(iv) OFFENDERS WHO ARE NEW RESIDENTS, TEMPORARY RESIDENTS, OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country must register within three business days of establishing residence or reestablishing residence if the person is a former Washington resident. If the offender is under the jurisdiction of an agency of this state when the offender moves to Washington, the agency shall provide notice to the offender of the duty to register.

Sex offenders and kidnapping offenders who are visiting Washington state and intend to reside or be present in the state for ten days or more shall register his or her temporary address or where he or she plans to stay with the county sheriff of each county where the offender will be staying within three business days of arrival. Registration for temporary residents shall include the information required by subsection (2)(a) of this section, except the photograph and fingerprints.

(v) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing a sex offense or a kidnapping offense and who is in custody, as a result of that finding, of the state department of social and health services, must register within three business days from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register.

(vi) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than three business days after entering the county and provide the information required in subsection (2)(a) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(viii) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within three business days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within three business days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of RCW 9A.44.132, or arraignment on charges for a violation of RCW 9A.44.132, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under RCW 9A.44.132 who asserts as a defense the lack of notice of the duty to register shall register within three business days following actual notice of the duty through arrest, service, or arraignment. Failure to

register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must provide, by certified mail, with return receipt requested or in person, signed written notice of the change of address to the county sheriff within three business days of moving.

(b) If any person required to register pursuant to this section moves to a new county, within three business days of moving the person must register with the county sheriff of the county into which the person has moved and provide, by certified mail, with return receipt requested or in person, signed written notice of the change of address to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered is responsible for address verification pursuant to RCW 9A.44.135 until the person completes registration of his or her new residence address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within three business days after ceasing to have a fixed residence. The notice shall include the information required by subsection (2)(a) of this section, except the photograph, fingerprints, and palmprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The person must keep an accurate accounting of where he or she stays during the week and provide it to the county sheriff upon request. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within three business days of ceasing to have a fixed residence and has subsequently complied with the requirements of subsection (4)(a)(vi) or (vii) of this section and this subsection. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within three business days of the entry of the order.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a peace officer, including a county sheriff, or law enforcement agency, for failing to release information authorized under this section.

OFFICIAL NOTES

Findings--Intent--2023 c 150: "(1) The legislature finds that successful rehabilitation of youth adjudicated of sex offenses is the best path to reducing recidivism.

(2) The legislature finds that researchers from the Johns Hopkins University and other academic institutions found that treatment for minors convicted of sexual offenses would provide increased public safety, while registration and notification policies for minors convicted of sexual offenses failed to improve community safety. The legislature finds that requiring youth to register as sex offenders is associated with mental health struggles, including depression, anxiety, and suicidal ideation, as well as the increased likelihood of becoming a target of sexual abuse by adults.

(3) The legislature finds that while adults can petition for relief of registration for offenses committed as minors, the legal process is overly cumbersome, expensive, and challenging to the point that many never request removal and remain on the registry their entire lives.

(4) The legislature declares that the response to sex offenses committed by youth should be developmentally appropriate and driven by research. The legislature therefore intends to increase community safety by reforming juvenile sex offender registration policy and related areas to redirect the focus toward practices that increase prevention and promote successful intervention strategies." Intent--1994 c 84: “This act is intended to clarify existing law and is not intended to reflect a substantive change in the law.” [1994 c 84 § 1.]

Finding and intent--1991 c 274: “The legislature finds that sex offender registration has assisted law enforcement agencies in protecting their communities. This act is intended to clarify and amend the deadlines for sex offenders to register. This act's clarification or amendment of RCW 9A.44.130 does not relieve the obligation of sex offenders to comply with the registration requirements of RCW 9A.44.130 as that statute exists before July 28, 1991.” [1991 c 274 § 1.]

Finding--Policy--1990 c 3 § 402: “The legislature finds that sex offenders often pose a high risk of reoffense, and that law enforcement's efforts to protect their communities, conduct investigations, and quickly apprehend offenders who commit sex offenses, are impaired by the lack of information available to law enforcement agencies about convicted sex offenders who live within the law enforcement agency's jurisdiction. Therefore, this state's policy is to assist local law enforcement agencies' efforts to protect their communities by regulating sex offenders by requiring sex offenders to register with local law enforcement agencies as provided in RCW 9A.44.130.” [1990 c 3 § 401.]

Effective: June 10, 2010

Currentness

(1) When an offender registers with the county sheriff pursuant to RCW 9A.44.130, the county sheriff shall notify the police chief or town marshal of the jurisdiction in which the offender has registered to live. If the offender registers to live in an unincorporated area of the county, the sheriff shall make reasonable attempts to verify that the offender is residing at the registered address. If the offender registers to live in an incorporated city or town, the police chief or town marshal shall make reasonable attempts to verify that the offender is residing at the registered address. Reasonable attempts include verifying an offender's address pursuant to the grant program established under RCW 36.28A.230. If the sheriff or police chief or town marshal does not participate in the grant program established under RCW 36.28A.230, reasonable attempts require a yearly mailing by certified mail, with return receipt requested, a nonforwardable verification form to the offender at the offender's last registered address sent by the chief law enforcement officer of the jurisdiction where the offender is registered to live. For offenders who have been previously designated sexually violent predators under chapter 71.09 RCW or the equivalent procedure in another jurisdiction, even if the designation has subsequently been removed, this mailing must be sent every ninety days.

The offender must sign the verification form, state on the form whether he or she still resides at the last registered address, and return the form to the chief law enforcement officer of the jurisdiction where the offender is registered to live within ten days after receipt of the form.

(2) The chief law enforcement officer of the jurisdiction where the offender has registered to live shall make reasonable attempts to locate any sex offender who fails to return the verification form or who cannot be located at the registered address.

If the offender fails to return the verification form or the offender is not at the last registered address, the chief law enforcement officer of the jurisdiction where the offender has registered to live shall promptly forward this information to the county sheriff and to the Washington state patrol for inclusion in the central registry of sex offenders.

(3) When an offender notifies the county sheriff of a change to his or her residence address pursuant to RCW 9A.44.130, and the new address is in a different law enforcement jurisdiction, the county sheriff shall notify the police chief or town marshal of the jurisdiction from which the offender has moved.

(4) County sheriffs and police chiefs or town marshals may enter into agreements for the purposes of delegating the authority and obligation to fulfill the requirements of this section.

Currentness

The duty to register under RCW 9A.44.130 shall continue for the duration provided in this section.

(1) For an adult convicted in this state of a class A felony, or an adult convicted of any sex offense or kidnapping offense who has one or more prior convictions for a sex offense or kidnapping offense, the duty to register shall continue indefinitely.

(2) For an adult convicted in this state of a class B felony who does not have one or more prior convictions for a sex offense or kidnapping offense, the duty to register shall end fifteen years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the adult has spent fifteen consecutive years in the community without being convicted of a disqualifying offense during that time period.

(3) For an adult convicted in this state of a class C felony, a violation of RCW 9.68A.090 or 9A.44.096, or an attempt, solicitation, or conspiracy to commit a class C felony, and the adult does not have one or more prior convictions for a sex offense or kidnapping offense, the duty to register shall end ten years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the adult has spent ten consecutive years in the community without being convicted of a disqualifying offense during that time period.

(4)(a) For a person required to register under RCW 9A.44.130(1)(b), the duty to register will end three years after the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition if the person is required to register for a class A offense committed at age 15, 16, or 17.

(3) A petition for relief from registration or exemption from notification under this section shall be made to the court in which the petitioner was convicted of the offense that subjects him or her to the duty to register or, in the case of convictions in other states, a foreign country, or a federal, tribal, or military court, to the court in the county where the person is registered at the time the petition is sought. The prosecuting attorney of the county shall be named and served as the respondent in any such

(i) The nature of the registrable offense committed including the number of victims and the length of the offense history;

(ii) Any subsequent criminal history;

1. Except as provided in subds. 2., 3., and 4., at the beginning of each academic school year.
2. If the child is not enrolled at the beginning of the academic school year, when the child is first enrolled.
3. If the person is not subject to the reporting requirements under s. 301.45(1g) at the beginning of the academic school year or when the child is first enrolled, when the person first becomes subject to the reporting requirements under s. 301.45(1g).

4. If subd. 1., 2., or 3. does not apply but the person is otherwise subject to the prohibition under sub. (1), when the person becomes subject to the prohibition under sub. (1).

(d) A student who is enrolled at the school if the department, county department, licensed child welfare agency, or other person supervising the student under a dispositional order under s. 938.34, whichever is appropriate, works with the school district administrator or his or her designee, if the premises are affiliated with a public school, or with the governing body of the school, if the premises are affiliated with a private school or charter school, to ensure the safety of the students attending the school with the student.

(3m) Unless sub. (3)(d) applies to a county department, licensed child welfare agency, or other person supervising a student under a dispositional order under s. 938.34, the department shall work with a school district administrator or his or her designee or a governing body of a school, whichever is appropriate, as provided in sub. (3)(d), to ensure that a student who is required to comply with the reporting requirements under s. 301.45(1g) is not prohibited under sub. (1) from being on the premises of the school at which he or she is enrolled and to ensure the safety of the other students attending the school.

(4) The department shall make a reasonable attempt to notify each person required to comply with the reporting requirements under s. 301.45(1g) of the prohibition under sub. (1), but neither the department's failure to make such an attempt nor the department's failure to notify a person of that prohibition is a defense to prosecution under this section.

(5) It is an affirmative defense to a prosecution under this section that the defendant was traveling directly to the office of the school district administrator or his or her designee, if the premises are affiliated with a public school, or to the governing body of the school, if the premises are affiliated with a private school or charter school, to comply with sub. (1). A defendant who raises this affirmative defense has the burden of proving the defense by a preponderance of the evidence.

(6) The school district administrator or his or her designee, if the premises are affiliated with a public school, or the governing body of the school, if the premises are affiliated with a private school or charter school, is immune from any civil or criminal liability for any good faith act or omission in connection with any notice given under sub. (1).

1. A court places the person on supervised release under s. 980.08(6m).
 2. A court discharges the person under s. 980.09(4). This subdivision does not apply if the person was on supervised release immediately before being discharged.

- (d) If, on or after January 1, 2008, a person is being placed on probation, extended supervision, parole, or lifetime supervision for committing a sex offense and par. (a) or (b) does not apply, the department may have the person tracked using a global positioning system tracking device, or passive positioning system tracking, as a condition of the person's probation, extended supervision, parole, or lifetime supervision.
- (2g) Department determination.** If a person who committed a serious child sex offense, or a person under supervision under the interstate corrections compact for a serious child sex offense, is not subject to lifetime tracking under sub. (2), the department shall assess the person's risk using a standard risk assessment instrument to determine if global positioning system tracking is appropriate for the person.

(2m) Passive positioning system tracking. If a person who is subject to lifetime tracking under sub. (2)(a)1., 1m., 2., 2m., 3., or 3m. completes his or her sentence, including any probation, parole, or extended supervision, the department may use passive positioning system tracking instead of maintaining lifetime tracking.

(3) Functions and operation of tracking program. (a) Except as provided in sub. (2m), the department shall implement a continuous global positioning tracking system to electronically monitor the whereabouts of persons who are subject to this section. The system shall do all of the following:

1. Use field monitoring equipment that supports cellular communications with as large a coverage area as possible and shall automatically provide instantaneous information regarding the whereabouts of a person who is being monitored, including information regarding the person's presence in an exclusion zone established under par. (c) or absence from an inclusion zone established under par. (c).
2. Use land line communications equipment to transmit information regarding the location of persons who are subject to this section when they are in areas in which no commercial cellular service is available.
3. Immediately alert the department and the local law enforcement agency having jurisdiction over the exclusion or inclusion zone if the person stays in any exclusion zone for any longer period than the time needed to travel through the zone to get to another destination or if the person leaves any inclusion zone.

(b) The department shall contract with a vendor using a competitive process under s. 16.75 to provide staff in this state to install, remove, and maintain equipment related to global positioning system tracking and passive positioning system tracking for purposes of this section. The term of the contract may not exceed 7 years.

(c) For each person who is subject to global positioning system tracking under this section, the department shall create individualized exclusion and inclusion zones for the person, if necessary to protect public safety. In creating exclusion zones, the department shall focus on areas where children congregate, with perimeters of 100 to 250 feet, and on areas where the person has been prohibited from going as a condition of probation, extended supervision, parole, conditional release, supervised release, or lifetime supervision. In creating inclusion zones for a person on supervised release, the department shall consider s. 980.08 (9).

(d) If a person who is on supervised release or conditional release is being tracked, the department shall notify the department of health services, upon request, of any tracking information for the person under any of the following circumstances:

1. The department of corrections has been alerted under par. (a)3. that the person being tracked has improperly stayed in an exclusion zone or improperly left an inclusion zone.
2. The person being tracked fails to make a payment to the department under sub. (4)(b).

(4) Costs. (a) The department shall determine all of the following for each person tracked:

1. The cost of global positioning system tracking or passive positioning system tracking for the person.

2. How much of the cost under subd. 1. the person is able to pay based on the factors listed in par. (d).

(b) If required by the department, a person who is subject to global positioning system tracking or passive positioning system tracking shall pay for the cost of tracking up to the amount calculated for the person under par. (a)2. The department shall collect moneys paid by the person under this paragraph and credit those moneys to the appropriation under s. 20.410(1)(gk).

(c) The department of health services shall pay for the cost of tracking a person to whom sub. (2)(a)4. or 5. or (b) applies while the person is on conditional release or supervised release to the extent that the cost is not covered by payments made by the person under par. (b).

(d) In determining how much of the costs the person is able to pay, the department may consider the following:

1. The person's financial resources.
2. The present and future earning ability of the person.
3. The needs and earning ability of the person's dependents.
4. Any other costs that the person is required to pay in conjunction with his or her supervision by the department or the department of health services.
5. Any other factors that the department considers appropriate.

(6) Offender's petition to terminate lifetime tracking. (a) Subject to par. (b), a person who is subject to lifetime tracking may file a petition requesting that lifetime tracking be terminated. A person shall file a petition requesting termination of lifetime tracking with the circuit court for the county in which the person was convicted or found not guilty or not responsible by reason of mental disease or defect.

(b)1. A person may not file a petition requesting termination of lifetime tracking if he or she has been convicted of a crime that was committed during the period of lifetime tracking.

2. A person may not file a petition requesting termination of lifetime tracking earlier than 20 years after the date on which the period of lifetime tracking began. If a person files a petition requesting termination of lifetime tracking at any time earlier than 20 years after the date on which the period of lifetime tracking began, the court shall deny the petition without a hearing.

3. A person described in sub. (2)(b) may not file a petition requesting termination of lifetime tracking.

(c) Upon receiving a petition requesting termination of lifetime tracking, the court shall send a copy of the petition to the district attorney responsible for prosecuting the serious sex offense that was the basis for the order of lifetime tracking. Upon receiving the copy of the petition, the district attorney shall conduct a criminal history record search to determine whether the person has been convicted of a criminal offense that was committed during the period of lifetime tracking. No later than 30 days after the date on which he or she receives the copy of the petition, the district attorney shall report the results of the criminal history record search to the court and may provide a written response to the petition.

(d) After reviewing a report submitted under par. (c) concerning the results of a criminal history record search, the court shall do whichever of the following is applicable:

1. If the report indicates that the person filing the petition has been convicted of a criminal offense that was committed during the period of lifetime tracking, the court shall deny the person's petition without a hearing.

2. If the report indicates that the person filing the petition has not been convicted of a criminal offense that was committed during the period of lifetime tracking, the court shall order the person to be examined under par. (e), shall notify the department that it may submit a report under par. (f) and shall schedule a hearing on the petition to be conducted as provided under par. (g).

(e) A person filing a petition requesting termination of lifetime tracking who is entitled to a hearing under par. (d)2. shall be examined by a person who is either a physician or a psychologist licensed under ch. 455 and who is approved by the court. The physician or psychologist who conducts an examination under this paragraph shall prepare a report of his or her examination that includes his or her opinion of whether the person petitioning for termination of lifetime tracking is a danger to the public. The physician or psychologist shall file the report of his or her examination with the court within 60 days after completing the examination, and the court shall provide copies of the report to the person filing the petition and the district attorney. The contents of the report shall be confidential until the physician or psychologist testifies at a hearing under par. (g). The person petitioning for termination of lifetime tracking shall pay the cost of an examination required under this paragraph.

(f) After it receives notification from the court under par. (d)2., the department may prepare and submit to the court a report concerning a person who has filed a petition requesting termination of lifetime tracking. If the department prepares and submits a report under this paragraph, the report shall include information concerning the person's conduct while on lifetime tracking and an opinion as to whether lifetime tracking of the person is still necessary to protect the public. When a report prepared under this paragraph has been received by the court, the court shall, before the hearing under par. (g), disclose the contents of the report to the attorney for the person who filed the petition and to the district attorney. When the person who filed the petition is not represented by an attorney, the contents shall be disclosed to the person.

(g) A hearing on a petition requesting termination of lifetime tracking may not be conducted until the person filing the petition has been examined and a report of the examination has been filed as provided under par. (e). At the hearing, the court shall take evidence it considers relevant to determining whether lifetime tracking should be continued because the person who filed the petition is a danger to the public. The person who filed the petition and the district attorney may offer evidence relevant to the issue of the person's dangerousness and the continued need for lifetime tracking.

(h) The court may grant a petition requesting termination of lifetime tracking if it determines after a hearing under par. (g) that lifetime tracking is no longer necessary to protect the public.

(i) If a petition requesting termination of lifetime tracking is denied after a hearing under par. (g), the person may not file a subsequent petition requesting termination of lifetime tracking until at least 5 years have elapsed since the most recent petition was denied.

(7) Department's petition to terminate lifetime tracking. (a) The department may file a petition requesting that a person's lifetime tracking be terminated if the person is permanently physically incapacitated. The petition shall include affidavits from 2 physicians that explain the nature of the person's permanent physical incapacitation.

(b)1. The department shall file a petition under par. (a) with the circuit court for the county in which the person was convicted or found not guilty or not responsible by reason of mental disease or defect or, in the case of a person described in sub. (2)(b), the circuit court for the county in which the person was found to be a sexually violent person.

2. The department shall send a copy of a petition filed under subd. 1. to the district attorney responsible for prosecuting the serious sex offense that was the basis for the order of lifetime tracking or, in the case of a person described in sub. (2)(b), the agency that filed the petition under s. 980.02.

(c) Upon its own motion or upon the motion of the party to whom the petition was sent under par. (b)2., the court may order that the person to whom the petition relates be examined by a physician who is approved by the court. The physician who conducts an examination under this paragraph shall prepare a report of his or her examination that includes his or her opinion of whether the person is permanently physically incapacitated. The physician shall file the report of his or her examination with the court within 60 days after completing the examination, and the court shall provide copies of the report to the department and the party to whom the petition was sent under par. (b)2. The contents of the report shall be confidential until the physician testifies at a hearing under par. (d). The department shall pay the cost of an examination required under this paragraph.

(d) The court shall conduct a hearing on a petition filed under par. (b)1., but if the court has ordered a physical examination under par. (c), the hearing may not occur until after the examination is complete and a report of the examination has been filed as provided under par. (c). At the hearing, the court shall take evidence it considers relevant to determining whether the person to whom the petition relates is permanently physically incapacitated so that he or she is not a danger to the public. The department and the party to whom the petition was sent under par. (b)2. may offer relevant evidence regarding that issue.

(e) The court may grant a petition filed under par. (b)1. if it determines after a hearing under par. (d) that the person to whom the petition relates is permanently physically incapacitated so that he or she is not a danger to the public.

(7m) Termination if person moves out of state. If a person who is subject to being tracked under this section moves out of state, the department shall terminate the person's tracking. If the person returns to the state, the department shall reinstate the person's tracking except as provided under sub. (6) or (7).

Currentness

(1m)(a) Except as provided in sub. (2m), if a court imposes a sentence or places a person on probation for any violation, or for the solicitation, conspiracy, or attempt to commit any violation, under ch. 940, 944, or 948 or s. 942.08, 942.09, or 942.095, or ss. 943.01 to 943.15, the court may require the person to comply with the reporting requirements under s. 301.45 if the court determines that the underlying conduct was sexually motivated, as defined in s. 980.01(5), and that it would be in the interest of public protection to have the person report under s. 301.45.

(b) If a court under par. (a) orders a person to comply with the reporting requirements under s. 301.45 in connection with a violation, or the solicitation, conspiracy, or attempt to commit a violation, of s. 942.09 or 942.095 and the person was under the age of 21 when he or she committed the offense, the court may provide that the person be released from the requirement to comply with the reporting requirements under s. 301.45 upon successfully completing the sentence or probation imposed for the offense. A person successfully completes a sentence if he or she is not convicted of a subsequent offense during the term of the sentence. A person successfully completes probation if probation is not revoked and the person satisfies the conditions of probation.

(2m) If a court imposes a sentence or places a person on probation for a violation, or for the solicitation, conspiracy or attempt to commit a violation, of s. 940.22(2), 940.225(1), (2), or (3), 944.06, 948.02(1) or (2), 948.025, 948.05, 948.051, 948.055, 948.06, 948.07, 948.075, 948.08, 948.085, 948.095, 948.11(2)(a) or (am), 948.12, 948.125, 948.13, or 948.30, of s. 940.302(2) if s. 940.302(2)(a)1. b. applies, or of s. 940.30 or 940.31 if the victim was a minor and the person was not the victim's parent, the court shall require the person to comply with the reporting requirements under s. 301.45 unless the court determines, after a hearing on a motion made by the person, that the person is not required to comply under s. 301.45(1m).

(3) In determining under sub. (1m)(a) whether it would be in the interest of public protection to have the person report under s. 301.45, the court may consider any of the following:

(iii) Remit to the division the state registration and reporting fees to be deposited in the sex offender registration account created by W.S. 7-19-310; and

(iv) Forward to the division any applications for a determination of indigency.

Unpaid fees become delinquent thirty (30) days after the date the fee is imposed, the date the offender waives the ability to request a determination of indigency by failing to submit an application or the date the division notifies the offender he does not qualify as indigent, whichever is later. Unpaid fees may be collected by the division as otherwise provided by law and as provided in W.S. 9-1-415(a). Nothing in this subsection shall be construed to prohibit the prosecution of an offender for failure to register or report updated information or for any other offense.

W.S.1977 § 7-19-309

§ 7-19-309. Juvenile sex offenders; risk assessment; factors; reporting requirements

Currentness

- (a) A minor offender convicted or adjudicated as a delinquent as specified in W.S. 7-19-301(a)(iii), shall be subject to this section.
- (b) The division shall provide notification of registration under this section, including all registration information, to the district attorney of the county where the registered offender is residing at the time of registration or to which the offender moves. Upon receipt of notification, the district attorney shall file an application for hearing under this subsection if, based upon a review of the risk of reoffense factors specified in subsection (c) of this section, the review indicates that public safety requires that notification be provided to persons in addition to those authorized to receive criminal history record information under W.S. 7-19-106. Upon application of the district attorney and following notice to the offender and an in-camera hearing, the district or juvenile court shall, based upon its finding as to the risk of reoffense by the offender, authorize the division, county sheriff, police chief or their designee to release information regarding the offender as follows:
- (i) If the risk of reoffense is low, notification shall be in accordance with the requirements of W.S. 7-19-106 to persons authorized to receive criminal history record information under W.S. 7-19-106;
- (ii) If the risk of reoffense is moderate or high, notification shall be provided to residential neighbors within seven hundred fifty (750) feet of the offender's residence, organizations in the community including schools, religious and youth organizations and to the persons authorized under paragraph (i) of this subsection, through means specified in the court's order.
- (c) In determining an offender's risk of reoffense under subsection (b) of this section, the court shall consider:
- (i) Conditions of release that minimize risk of reoffense, including whether the offender is under supervision through a program provided in title 14 or a juvenile service program, on probation or parole, receiving counseling, therapy or treatment or residing in a home situation that provides guidance and supervision;
- (ii) Physical conditions that minimize the risk of reoffense;
- (iii) Criminal history factors indicative of high risk of reoffense, including:
- (A) Whether the offender's conduct was found to be characterized by repetitive and compulsive behavior;

(B) The age of the victim of the sexual offense;

(C) Whether psychological or psychiatric profiles indicate a risk of recidivism;

(D) The offender's response to treatment;

(E) Recent behavior, including behavior while confined or while under supervision in the community as well as behavior in the community following service of sentence;

(F) Recent threats against any person or expressions of intent to commit additional crimes;

(G) Other criminal history factors, including:

(I) The relationship between the offender and the victim;

(II) The number, date and nature of any prior offenses or acts resulting in an adjudication of delinquency; and

(H) Any other factors the court deems necessary and relevant.

(d) To the extent any other provision of law conflicts with the disclosure requirements of this section, the provisions of this section shall govern.
